The Vacation Property Check Program provides an overall increase in police presence around your home during your time away. This program makes available a free residential security check for vacationing residents of single-family homes. Registered homes are periodically checked during the homeowner's absence by the Newaygo County Sheriff's Office. During a vacation security check of a residence, the deputy patrols the property to ensure the home is secured and the windows and doors are locked and undamaged. If by chance a burglary occurs at the residence while the homeowner is away, the designated "emergency contact" person will be notified. Due to staffing issues and unforeseen circumstances, we cannot guarantee the safety of your home or personal property. This program is a public service to help safeguard citizens' property and allow for a rapid response and owner notification in the event of a problem.

MISSION STATEMENT

To provide leadership for our community, to prevent unlawful activity, ensure individual rights, and promote a safe and secure environment.

Help a kid say NO to drugs!
