County of Newaygo

White Cloud, MI 49349

RE: FY 2014 Newaygo County Budget (October 1, 2013 – September 30, 2014)

As a local government, it is our responsibility to ensure that citizens' dollars are appropriated to provide effective and efficient services and resources to the public. The annual budget provides a planning tool outlining how public resources are received and used as well as a mechanism to show accountability to our constituents units. In addition, the budget works as a policy and an informational tool which communicates the funding priorities of the County to our many stakeholders and other interested parties.

The combined 2014 operating budgets total \$60,402,688 and are balanced, in that, the revenue and fund balances in funds are anticipated to meet or exceed expenditures. The final budget is the culmination of an extensive process over the past several months involving discussions, meetings, and the compilation of information. I appreciate the time and effort put forth by Commissioners, our elected officials, department heads, and my staff to ensure that the County is able to provide valuable services and resources to the residents of our County in an efficient and effective manner.

## **Summary of Considerations in Developing the Budget**

The Finance Committee, in balancing the 2014 fiscal year budget, considered many aspects of the County's financial resources and the ever-increasing demand for public services.

- The current economic conditions played a significant role in the creation of the 2014 budget. The weakened condition of the State's economy will likely continue to result in additional reduced funding from the State. The actual magnitude of the impact will depend on the economy within the State of Michigan and continued budgetary cuts at the

federal level. Reduced funding levels are expected to be seen through changes in grants and long standing funding relationships.

- The decrease in property values and significant rise in home foreclosures as a result of the prior economic downturn had a dramatic impact on our property tax revenues – not just for the General Fund but also the Road Patrol, Commission on Aging, Veterans Affairs, and the Medical Care Facility bonded debt. The 2014 FY Budget reflects no General Fund increase in property taxes from FY 13, although a small increase is likely
- As a result of the shift in the levy of property taxes from winter to summer for the General Fund, we are forced to predict taxable values, including new construction, reductions due to diminished property values, and the anticipated Headlee Rollback, over a year in advance leading to a more conservative approach with the estimation of property tax revenues.
- The rising cost of health insurance has generated budgeting, financial, and management challenges. The County has been and will continue to be proactive in establishing measures to monitor and control these expenses.
- OPEB's (Other Post-Employment Benefits) is still a fairly new and significant annual cost with regards to Retiree Health Insurance. The county was required to measure our liability in the 2008 fiscal year and began funding the annual required contribution (ARC) starting with the 2009 fiscal year.
- There has been an approximate 10% increase in the annual required payments by the County to the defined benefit pension plan retirement system. Factors contributing to this rise include: 1) more individuals drawing from the plan as they become eligible for retirement; 2) the crash of the stock market and its effects on the market value of our defined benefit accounts through MERS (Municipal Employee's Retirement System), 3) accelerated payments required from closed systems; and 4) a reduced actuarial period.
- The decline in property tax and grant revenues combined with the increased demands of retirement benefits, other post-employment benefits (OPEB's), and health care costs, have stretched many funds and placed a growing burden on the general fund to make up the difference.
- The recent recession in Michigan's housing market also triggered a corresponding decline in permit revenues for the Building Safety & Permits and Soil Erosion Departments as well as a significant drop in recording fees at the Register of Deeds Office. The 2014 FY Budget anticipates that revenue growth with the Building Safety & Permits Department and minimal increases within the Register of Deeds Office as the market begins to slowly rebound and grow.

## General Highlights of the 2014 Budget

- There have been cost reductions throughout many facets of the budget. Many areas have been trimmed and re-evaluated to provide the most efficient and economical delivery of services.
- Renewed efforts have been employed to attain the most accurate portrait of revenues and expenditures in the development phases of the budget.
- Property Taxes
  - Property tax revenues are anticipated to remain fairly stagnant for the General Fund. However, an increase is budgeted for the Road Patrol, Commission on Aging and Veterans' Affairs Funds for their December 1, 2013 levy. This is due to the fact that the County's 2013 Taxable Value is available at the time of budget development.
  - Currently, commercial and industrial personal property tax values of \$40,000 and under will not be levied in FY 2014. This is approximately \$7,000,000 of taxable value for the County. It is estimated this would be a \$35,000 reduction in General Fund property tax revenues. However, a majority of the value is contained in increment financing districts (DDA, TIFA, LDFA, and Ag Ren Zone). Therefore, most of the dollars are already captured which means the impact will be substantially reduced. In addition, in August 2014, there will be a vote regarding personal property taxes. If approved, the County would receive 80% - 100% reimbursement. If not approved, the personal property parcels would be placed back onto the tax roll. This is problematic since the addition back to the tax rolls would most likely not occur until our 2015 fiscal year. Although lessened, the County would not receive one year's worth of revenue from these parcels.
- Interest Earnings
  - Due to the state of the economy and low interest rates, interest earnings continue to remain low.
- Revenue Sharing
  - The Revenue Sharing Reserve Fund, which was established at the time of the property tax shift from winter to summer, was depleted during the 2011 fiscal year. Newaygo County came back "on-line" with State Revenue Sharing at the end of the 2011 fiscal year.
  - For the 2014 fiscal year, State Revenue Sharing is budgeted at \$762,850 within the General Fund.

- Approximately 20% of the Revenue Sharing payment falls subject to the County Incentive Plan (CIP) established by the State.
- The CIP (County Incentive Program) requires the County to submit the following three elements in order to qualify for funding:
  - ❖ Accounting and Transparency
  - ❖ Consolidation of Services
  - ❖ Employee Compensation
- Other Post-Employment Benefits (OPEBs)
  - The cost for funding the annual OPEB ARC (Annual Required Contribution) has dramatically increased since our first payment in FY 2009. In 2009, the ARC was \$575,662. Primarily due to a change in the mortality tables when the most recent actuarial report was performed, the ARC for FY 2012 increased to \$768,339 and for FY 2013 is \$749,447. It is expected that the FY 2014 ARC will be approximately \$750,000.
  - For the first time, in the 2014 budget, the yearly OPEB ARC is fully funded through the annual budget. In 2010, a strategy was rolled out to gradually wean this funding from the use of one time dollars to being fully funded within the operational budget. FY 2013 marked the last year that one time dollars were used as part of the OPEB funding mechanism.
- Wages
  - The budget reflects no wage increase for employees in the 2014 fiscal year.
- Personnel
  - This budget retains funding for a permanent part-time CASA Volunteer Coordinator Position with \$55,068 in wages (32 hours per week) and pro-rated fringes located within the Child Care and Friend of the Court Funds. Funding for this position is in conjunction with the Fremont Area Community Foundation – budgeted to receive \$20,000 in FY 2014.
  - This budget retains funding for the Circuit Court Collections Clerk position created in 2006 with wages and fringes totaling \$54,542. This position is funded, in part, by the collections of assessments, fines, and costs through the court.
  - This budget includes the Accountant position for the County Treasurer’s Office. This position was created in FY 2010. It is funded from Fund 521 – PA 123 Operations Fund and budgeted for \$62,767 in wages and fringes.

- This budget includes funding for a newly created part-time position within the Register of Deeds Office - \$13,891 in wages and fringes (50% funded from General Fund and 50% funded from ROD Automation Fund).
  - This budget retains funding for a Part-time Animal Shelter Attendant position in Fund 2052 at 30 hours per week with a total of \$21,811 in wages and fringes. This position was budgeted at 20 hours per week in the 2008 budget and, subsequently, grew to a 30 hour per week position beginning with 2009 budget.
    - This Shelter Attendant position was originally created in 1990 at 30 hours per week and became a 40 hour per week position in 1997. However, from 2004 through 2007 this position was not budgeted for and was reflected as a vacant position in the manning table.
  - The position of Assistant Prosecuting Attorney remains in the manning table but will remain vacant for the 2014 fiscal year.
  - The position of Legal Secretary in the Prosecuting Attorney's Office remains in the manning table but will remain vacant throughout FY 2014.
  - This budget includes funding for the recently established full-time IT Technical Support Specialist position with a total of \$58,361 in wages and fringes.
  - This budget includes funding for a part time Assistant Director in Emergency Services with a total of \$8,571 in wages and fringes. The cost of this position is offset with funds received from NACCHO of approximately \$4,000.
  - The position of Clerk of the Court/Business Manager/CEO within District Court is currently vacant and is not expected to be filled as a full-time position.
  - The County Jail budget includes funding for two (2) new additional part time correction officers at 25 hours per week.
- **Other Items of Note**
- This budget reflects an averaging of the defined benefit and defined contribution costs for each benefit group using a percentage based allocation for retirement.
  - The FY 2014 budget utilizes dollars from the Retirement Fund to pay MERS the extra needed to reach the targeted funding percentage of 100% within the next 3-5 years.
    - The current fund balance in the Retirement Fund is \$1,562,453 due to prior planning and savings in anticipation of funding retirement.

- Retirement Funds of \$355,938 are budgeted to be transferred to the General Fund (\$105,886), Road Patrol Fund (\$173,761), County Jail Fund (\$38,876), and E-911 Service Fund (\$37,415) to offset the direct increase of expenditures in relation to retirement funding and the goal of being fully funded within 3-5 years.
  - The largest cost impact for this change in retirement funding is reflected in three classifications: 1) Department Heads/Elected Officials; 2) Command Officers; and 3) Deputies.
- Upon recommendation of Board leadership, the budget provides relief for outside agencies by reducing Central Service Allocation costs by 50% for departments with a millage (Road Patrol – relief of \$45,217; Commission on Aging – relief of \$34,609, and Veterans Affairs – relief of \$8,488).
  - The County Jail Fund was provided an increased appropriation from the General Fund of \$150,000. Also, it is utilizing \$371,152 of the additional revenue generated in FY 2013 from the housing of extra federal inmates over the 140 contracted inmate level. With the additional funding provided by the General Fund, we are positioning ourselves should the extra per diem revenue begin to diminish or end.
  - The Sheriff's Road Patrol Fund is balanced utilizing \$145,287 of the additional revenue generated in FY 2013 from the housing of extra federal inmates over the 140 contracted inmate level. Although law enforcement is still requiring a subsidy from the additional per diem revenue, there are signs of improvement. The Road Patrol ended the 2012 fiscal year with a fund balance of \$59,962 and it is anticipated to increase to \$71,516 at the end of the 2013 fiscal year). However, it is important that we continue to monitor and prioritize needs.
  - The Commission on Aging Fund reflects no needed appropriation from the General Fund for the 2014 fiscal year.
  - The Animal Control Fund is experiencing decreased revenue from dog licensing and is relying on additional money from the General Fund.
  - E-911 is anticipating extra money from the increased surcharge that is not reflected in the 2014 operating budget. These funds will be needed for capital items.
  - The Soldiers Relief Fund (Veterans Affairs) budget reflects a strategic approach for allocating the dollars they have available to distribute to clients.
  - The Principal Residence Homestead Exemption Audit Fund (PRE) is struggling and it may make sense to review the continuation of the program.

- The Building Authority Fund, which collects the rent dollars from DHS, is setting aside money for capital projects.
- The Building Safety and Permits Fund reflects no subsidy from the General Fund. It does reflect the continued 4-day per week office hours, the contracting for the provision of joint mechanical and plumbing inspections, and the subsequent reductions in costs. However, we will continue to monitor the activity and revenue levels throughout the year to see if it may warrant opening the office or providing services for an additional day.
- Funding of \$172,097 for the Michigan State University Extension is broken down as follows:
  - Memorandum of Agreement \$45,538;
  - 2<sup>nd</sup> half of 4-H Youth Agent \$28,325;
  - Land Use Educator \$30,000;
  - Operating Budget \$37,855; and
  - Labor (Clerical Support) \$30,379.

## Conclusion

The budget is the primary policy statement on County programs and priorities from the Board of Commissioners to the citizens of our County. The budget provides information to the public on the funding priorities and programs that have been established. It provides direction for departments, offices, and agencies through the course of the fiscal year. The budget is also a flexible document that is subject to change as the need arises, information becomes available, and priorities change.

I would like to thank the Board of Commissioners, all departments, elected officials, the judiciary, and my staff for their cooperation in developing the 2014 annual budget. Many have contributed to this plan and they should be commended for the effort put forth to provide the most effective and efficient services and resources to the citizens we serve.

**BE IT FURTHER RESOLVED (#6)** that the elected County officials and department heads are responsible for their budget which includes revenue and expenditure projections and shall notify the Administration Office of anticipated expenditure overages and revenue shortfalls in order to insure that revenues and expenditures are within authorized budgetary projections and limitations. Timely budget adjustments must be made in order to review the current status of the County's financial position.

**BE IT FURTHER RESOLVED (#7)** that the Finance Committee must see that funds are made available for future expenditures which result from current costs. An example of this is retirement cost, which is paid up to two (2) years after the cost was incurred. Another example is that workers' compensation costs are estimated at the beginning of the year and are adjusted at the end of the year after the audit is made of actual wages paid. Provisions must also be planned for future renovations of existing buildings or the building of new buildings as additional space is required.

**BE IT FURTHER RESOLVED (#8)** that the Finance Committee will work with department heads and agencies during the 2014 fiscal year in an attempt to reduce variable budget expenses and review the areas of fees and services where increases can be justified.

**BE IT FURTHER RESOLVED (#9)** that expenditures in any fund, activity, or line item, in excess of the adopted budget in each fund, activity, or line item will not be made without amending the budget pursuant to established procedures.

**BE IT FURTHER RESOLVED (#10)** that during the budget process resulting in the FY 2013-2014 budget, it was understood that county revenues and expenditures may vary from those which are currently projected and may be changed from time to time during the 2014 fiscal year, as deemed necessary.

**BE IT FURTHER RESOLVED (#11)** that all County elected officials, County department heads, and County commissions/committees shall abide by the purchasing policies and procedures, as established, adopted, and amended from time to time by this Board for all purchases made with funds appropriated by the Board, and these budgeted funds are appropriated contingent upon compliance with the purchasing procedures.

**BE IT FURTHER RESOLVED (#12)** that the approved position allocation list (manning table) contained in the budget shall limit the number of regular employees who can be employed, and no funds are appropriated for any position or employee not on the approved position list (manning table) unless otherwise authorized by the County Administrator under the Newaygo County Personnel Manual. Further, there may be a need to increase or decrease various positions of the budget and/or impose a hiring freeze and/or impose layoffs due to unforeseen financial changes. Therefore, the approved position allocation list (manning table) may be changed from time to time by the Board of Commissioners.

**BE IT FURTHER RESOLVED (#13)** that positions contained in the position allocation list (manning table) which are supported on some part by tax revenue, grants, cost sharing, child care reimbursement, fees for services, or some other source of funding are approved contingent upon the County receiving budgeted revenues. In the event funding is not received or the County believes, or is notified that it will not be received, then said position shall be considered unfunded, removed from the position list (manning table) and the position subsequently laid off.

**BE IT FURTHER RESOLVED (#14)** that the revenues received by the County under Public Act 106 (1985 Convention Facility Tax Revenues) and Public Act 264, 1987 (Cigarette Tax Revenues) shall NOT be used to reduce the County's 2014 operating millage levy (2013-2014 Budget Year) as defined by Public Act 2, 1986.

**BE IT FURTHER RESOLVED (#15)** that in accordance with PA 106, 1985 and PA 2, 1986, that at the direction of the Board of Commissioners 50% of the convention facility tax revenue may be transmitted for substance abuse programs, with the remaining 50% to be deposited in the County's General Fund.

**BE IT FURTHER RESOLVED (#16)** that in accordance with PA 264, 1987, that 12/17ths of the Cigarette Tax Revenue shall be transmitted to the District Health Department No. 10 and 5/17ths shall be transmitted to the County Jail Fund, in accordance with the Act.

**BE IT FURTHER RESOLVED (#17)** that all persons responsible for the administration of this budget be duly advised of the contents of Public Act 621 of 1978 and their respective appropriations and responsibilities for the administration of the same. This 2014 Budget reflects the cooperative efforts between the Administration Office, County department heads, and agency directors. The County Board, its' Committees, and all County Officials must continue to work together during the 2014 fiscal year in order that all funds available to the County are realized, and all the funds realized are used to the benefit of the citizens of Newaygo County in programs with the most need. The major revenue sources and expenditure programs must be watched closely to ensure that large variances from the budget do not cause a reduction or loss of vitally needed services.

**BE IT FURTHER RESOLVED (#18)** that the Board of Commissioners hereby ratifies the following labor agreements and contracts: Teamsters Local 214 Contract expires 12-31-2015; Sheriff Deputies (POLC) expires 12-31-2015; Correction Officers (POAM) expires 12-31-2013; Corrections Command (COAM) expires 12-31-2016; Central Dispatch (POAM) expires 12-31-2015; Command Officers expires 12-31-2013; County Administrator Contract expires 05-22-2014; all independent contractor labor agreements through the Courts or Building Safety & Permits Department; MMRMA expires 09-30-2013; Blue Cross/Blue Shield Contract expires 12-31-2013.

**BE IT FURTHER RESOLVED (#19)** that the Board of Commissioners hereby conditionally approves the 2014 fiscal year Judicial budgets based on a court order requiring the County to involuntarily pay the State of Michigan's Judicial expenditures and further provide that the Board of Commissioners may reduce Judicial expenditures in the event the State does not provide revenues in compliance with the existing law; and

**BE IT FURTHER RESOLVED (#20)** that in accordance with item #13, the County Administrator is authorized to automatically reduce any department when a budgetary shortfall in revenue or an overage in expenditures is anticipated. The County Administrator shall promptly make the necessary layoffs and advise those affected by the service that those services are being discontinued as a result of either a lack of revenue or a corresponding overage in expenditures; and

**BE IT FURTHER RESOLVED (#21)** that the County Administrator be, and hereby is, appointed Budget Administrator pursuant to the Uniform Budgeting and Accounting Act, MCLA 141.421 et seq., with power to administer such duties in connection with said budget, as may be from time to time, delegated to the Office of Administration by this Board; and

**BE IT FURTHER RESOLVED (#22)** that the Board of Commissioners hereby re-affirms its authorization created by Resolution #01-004-08 and Resolution #05-009-13 adopting a monthly surcharge for Newaygo County on all communication service devices of \$1.95 per month to cover the cost of the 911 Emergency Service Program for 2013-2014; and

#### 101 Board of Commissioners

The Board of County Commissioners is the governing body and the major policy approval center of county government. It is the legislative body with authority over most aspects of the County.

Voters elect commissioners from single member districts in each County. A County Apportionment Commission establishes the commissioner districts every ten years following the U.S. Government's Official Census of that population.

Membership: Currently, the Newaygo County Board of Commissioners' membership is a seven-member board.

Meetings: The Commissioners must have a January meeting (1st Meeting) in each calendar year to organize and elect a Chairman and Vice-Chairman. An April meeting is required for the purpose of establishing property tax rates. The annual meeting is scheduled to be held between September 14th and October 16th each year. It is the meeting at which the County Board usually seeks to adopt the budget for the next fiscal year, which begins in October.

The Newaygo County Board of Commissioners operates under the committee system. This allows it to spread the workload and develop some specialization among members.

#### 131 27th Circuit Court

##### Newaygo County Circuit Court

The circuit court is the trial court with the broadest powers in Michigan. In general, the circuit court handles all civil cases with claims of more than \$25,000 and all felony criminal cases (cases where the accused, if found guilty, could be sent to prison). The family division of circuit court handles all cases regarding divorce, paternity, adoptions, personal protection actions, emancipation of minors, treatment and testing of infectious disease, safe delivery of newborns, name changes, juvenile offenses, and child abuse and neglect. In addition, the circuit court hears cases appealed from the other trial courts or from an administrative agency.

The State is divided in judicial courts along county lines. The number of judges in a circuit reflects the volume of business in the court. If there is more than one county in a circuit, judges travel from one county seat to another to hold court. The 27th Circuit Court has two circuit judges who preside over the circuit courts of Newaygo and Oceana counties.

Circuit judges are elected for six-year terms on non-partisan ballots. A candidate must be a resident of the circuit in which the candidate is running, a qualified elector, licensed to practice law in Michigan, and at the time of election less than 70 years of age. The legislature sets salaries for circuit judges.

##### Funding

Where the Legislature has by statute granted authority or created a duty, the local funding unit may not refuse to provide adequate funding to fulfill the function [*Wayne Co. Prosecutor v. Wayne Co. Bd. Of Comm.'s., 93 Mich.App. 114, 286 N.W.2d 62 (1979)*]. The Judiciary possesses the inherent power to determine and compel payment of those sums of money which are reasonable and necessary to carry out its mandated responsibilities, and its powers and duties to administer Justice [*Wayne Circuit Judge, supra, 386 Mich. At 9, 190 N.W.2d 228*].

Michigan Supreme Court Administrative Order No. 19895-6 (*Court Funding: Funding Disputes Between Courts and Local Funding Units; Submission of Budgets*) outlines the procedures to be followed by courts should it be concluded the funds provided for its operations by its local funding unit are insufficient to enable the court to perform its duties.

#### Court Equity Fund

The Court Equity Fund was established in 1996 to provide limited funding for trial court operations. The fund is disbursed quarterly within the state fiscal year to county governments, based on statutory formula that establishes each county's share. The formula includes two factors: the caseload activity of the circuit and probate courts and the number of judgeships in each county. The first factor, caseload, takes into account new cases filed for the most recent three years in the circuit and probate courts in the county and compares the county's proportion of these filings for the three years to the total filings for the state for three years. The second factor compares the number of judgeships within the county to total judgeships in the state.

The revenue sources to the Court Equity Fund include state general fund appropriations and multiple sources of restricted revenue that originate from local trial court fees, costs, and assessments. Each payment from the fund within the state fiscal year will reflect the revenue deposits to the Court Equity Fund for the preceding quarter. Therefore, quarterly payments will vary, reflecting fluctuations in court revenues received. Payments that have been most recently received by Newaygo County are:

FY 2000	\$287,697
FY 2001	\$301,565
FY 2002	\$295,903
FY 2003	\$285,897
FY 2004	\$319,494
FY 2005	\$312,416 Projected

The title of the office suggests that it registers or records properly deeds. This is true, but in addition, everything that affects the quality of a deed is recorded with the Register of Deeds. Any person, private or business who borrows money from a financial institution where the property is used as collateral will have a title search done from the records in the Register of Deeds Office. All financial security records and real estate records must be maintained flawlessly. There is no room for error; the records must be accurate, up to date and immediately available.

The importance of this role of the Office of Register of Deeds is captured in the following statute: "Every conveyance of real estate within the state hereafter made, which shall not be recorded as provided in this chapter, shall be void as against any subsequent purchaser in good faith and for a valuable consideration."

Without a central place to record all real estate documents and without a person to manage such records in an orderly and systematic way, society would be hard-pressed to conduct in a dependable way the buying, selling and owning of real estate.

The circuit court shall not enter into a contract, employ personnel or expand funds which shall exceed the appropriations of the funds from the county board of commissioners.

The Newaygo County Circuit Court originally contracted with an individual to provide direct counseling services to parties/families who came under the jurisdiction of the court, and it was deemed by the court, these parties/families would benefit from counseling. However, due to the small amount generated in revenues, only a modest program could be sustained. There has been very little activity or expenditures from this fund since the passing and termination of the counseling contract.

Funds generated for Family Counseling Services cannot be expended for any other purpose and must be preserved in the fund. Previous requests for a full accounting of revenues on account have not been fully answered. The court intends to fully pursue this issue to once and for all reconcile unexpended revenues of prior years.

#### **Supervised Parenting Time (SPT) Program**

The Friend of the Court at one time was awarded grant funding for the operation of the Supervised Parenting Time Program. This funding has been terminated, however the need to the program continues to grow. It has been determined that funding from the Family Counseling Services Fund is appropriate to fund the expenses of the Supervised Parenting Time Program.

##### Supervised Parenting Time (SPT) Program

In 2003, Newaygo County Friend of the Court received grant funds from the Michigan Supreme Court to initiate a Supervised Parenting Time (SPT) Program. These grant funds were no longer made available but the need for the program has continued. It is intended that the SPT Program will be funded through monies available in the Family Counseling Services Fund.

In some cases, concern arises about the safety or well being of the child(ren) during parenting time. For these cases, supervised parenting time can assist in managing the facilitating the contact between the parent and child(ren). Given the presumption in favor of parenting time, supervised parenting time should occur only when other, less restrictive methods of ensuring a child(ren)'s wellbeing during parenting time cannot be implemented. The primary purpose of supervised parenting time is to provide for the safety of the child(ren). The welfare of the child(ren) is the paramount consideration in determining the manner in which supervision is provided.

### Function Statements

There are three generally accepted means of providing supervised parenting time. The particular method selected for supervised parenting time varies with the reason for supervision. For example, if the supervised parenting time is ordered to assist in establishing a relationship between a parent who has been absent from a child(ren)'s life, the supervised plan will be quite different than if the supervised parenting time is ordered due to physical or sexual abuse of the child(ren). The type of supervised parenting time selected should reflect the logical and feasible goals to be accomplished.

An arrangement has been reached with the White Cloud United Methodist Church to use their church facilities for purposes of conducting the SPT Program. It is conveniently located to the courthouse and court personnel, and is a familiar to local police should an emergency occur during an SPT visit. The Church has a designated area for youth activities that is fully equipped with toys and activities for children of all ages.

Prior to the establishment of the SPT Program, parties would have to make their own private arrangements, which often did not succeed or resulted in further complications to the case.

#### **261 9-1-1 Service Fund Resolution #04-032-91**

The Central Dispatch Authority was established in 1991 by Resolution #05-035-91 under Public Act 32

In 1993, Newaygo County residents overwhelmingly passed a surcharge on their telephones to support this life saving service. The Board of Commissioners authorized Michigan Bell to develop the enhanced portion of the 9-1-1 system.

The Central Dispatch Authority was established to provide emergency telephone communications for Newaygo County residents and communicate those emergency requests to the appropriate police, fire or ambulance service center. The Central Dispatch Authority has equipped the service center with the most up to date equipment, which includes the ability to determine the caller's telephone number and address. As this data appears on a computer screen, the appropriate dispatching scenario is also provided to the dispatch operator and identifies the appropriate police, fire, or ambulance service to be sent.

This fund was established in the 1998 Budget to replace Fund 235, Central Dispatch Authority Fund, as required by the State.

#### **Need for County Law Libraries**

"Generally, the trial judge and the average practicing attorney rely entirely upon the county law library to supply them with legal research materials. The trial courts are the very core of the American judicial system. These courts are the first, and usually the only, point of contact an individual will have with our legal system. It is important that the judges and attorneys who practice before them have easily available the necessary legal research materials to insure the individual, and society as a whole, the protection of the law." Law Library, Jacquelyn Jurkins, 62 Law Library Journal] "The function of a law library in the operation of our justice system is largely unnoticed and little understood by the general public.

The trial stage of a case is the phase of a court proceeding that the public is most familiar with. But what perhaps escapes the general public is that a trial of any case is preceded by hours of preparation by the attorneys for the parties. In almost every trial, the court has questions of law which require research. These hours of research by attorneys and by trial judges go unobserved and unreported in the media. A law library serves the vital function of providing the tools for research for those involved in our justice system." [Pontiac - Oakland Legal News, April 30, 1976]

#### **Purpose of Standards**

Specific standards are suggested as an aid to the formulation of a program for the individual county law libraries. They are based upon the assumption that private law offices are adequately equipped with those publications, such as legal form books, etc., which are devoted to the "mechanics" of the practice rather than to the substantive or procedural law, and those which are devoted to specialized areas of the law in which the individual attorney may engage but which are seldom encountered by the general practitioner or the local courts, such as works on admiralty law, patents, and copyrights, etc. These standards are further based upon the practical knowledge that the funding available to most county law libraries preclude the achievement of the "ideal" and that the funds not used for the cost of supplemental "upkeep" service on existing publications, should be allocated to the purchase of additional works on some system of priority of need.

The Newaygo County Law Library is maintained with the barest number of publications believed essential to the public, as few, if any, attorneys rely upon our Law Library. We do not meet the "minimum standards" established and described in the following section, primarily due to the expense of maintaining such standards. We have an on-line subscription that must be utilized when the Law Library does not provide the legal text sought by the individual, which has helped to significantly reduce our expenses.

#### **Minimum Standards of County Law Libraries**

These standards are limited to those research materials appropriate to practice in and before the courts of the State of Michigan, and do not include materials which might be necessary for practice in the federal courts or before various federal and state administrative tribunals. These standards are divided into categories designed to identify and utilize necessary priorities and to distinguish the various publications by content, scope, purpose, and manner of use. Within each category, the publications are designated within two type groupings, and the publications available within each type are listed without order of preference.

The State Court Administrative Office of the Michigan Supreme Court, along with the State Law Library, has approved minimum standards for county law libraries. See the standards at the SCAO website at:  
[http://courts.michigan.gov/scao/resources/standards/cclin\\_stds.pdf](http://courts.michigan.gov/scao/resources/standards/cclin_stds.pdf)

#### **Mandatory Publications**

Those publications designated as "mandatory" are considered to be of such basic importance that their unavailability to the court may result in substantial risk of judicial error and attorneys without ready access to them cannot be expected to adequately represent members of the public involved in civil or criminal litigation before the courts.

---

## SPECIAL REVENUE FUNDS

---

### Function Statements

---

#### **Necessary Publications**

Those publications designated as "necessary" are so designated, not because they are not essential to competent adjudication and legal representation, but because the need for them is less frequent, and when it occurs, is not often so pressing in time as to preclude consulting them in a larger and most distant law library. It should be born in mind, however, that these publications are nevertheless necessary components of any reasonable adequate law library, and at that the time and expense involved in consulting them in distant locations and the possibility of judicial error and inadequate representation from their relative inaccessibility, must inevitably be reflected in not only the cost but the quality of the administration of justice to the public.

#### **Desirable Publications**

Those publications designated as "desirable" are so designated because it is felt that the cost of the acquisition and upkeep, considered in the context of the prevailing inadequacy of available funds, outweigh the necessity of their acquisition for the law libraries of the less populous countries.

#### **Alternate Publications**

Where publications are identical or sufficiently similar content and format to so permit, they are designated alternative publications. Similar publications purposes by their publishers to be acceptable alternatives, but considered inadequate by these standards, are omitted.
