County of Newaygo

RE: FY 2016 Newaygo County Budget (October 1, 2015 – September 30, 2016)

As a local government, it is our responsibility to ensure that citizens' dollars are appropriated to provide effective and efficient services and resources to the public. The annual budget provides a planning tool outlining how public resources are received and used as well as a mechanism to show accountability to our constituents units. In addition, the budget works as a policy and an informational tool which communicates the funding priorities of the County to our many stakeholders and other interested parties.

The combined 2016 operating budgets total \$61,167,906 and are balanced, in that, the revenue and fund balances in funds are anticipated to meet or exceed expenditures. The final budget is the culmination of an extensive process over the past several months involving discussions, meetings, and the compilation of information. I appreciate the time and effort put forth by Commissioners, our elected officials, department heads, and my staff to ensure that the County is able to provide valuable services and resources to the residents of our County in an efficient and effective manner.

## **Summary of Considerations in Developing the Budget**

The Finance Committee, in balancing the 2016 fiscal year budget, considered many aspects of the County's financial resources and the ever-increasing demand for public services.

- The current economic conditions played a significant role in the creation of the 2016 budget. The State's economy continues to recover from the recession at a modest pace. It is anticipated the County will continue to see reduced funding at state and federal levels. The actual magnitude of the impact will depend on the economy within the State of Michigan and continued budgetary cuts at the federal level.

Reduced funding levels are expected to be seen through changes in grant awards and long standing funding relationships.

- The decline in property values and the rise in foreclosures over the past several years have had a dramatic effect on the property tax levy and the revenue generated by it. For the 2016 fiscal year, a conservative approach has continued when predicting property tax revenues. A property tax revenue increase of 2% (\$143,466) has been budgeted for the General Fund and it is projected that the Road Patrol, Commission on Aging, and Veterans' Affairs will also see increases for the 2016 fiscal year.
- As a result of the shift in the levy of property taxes from winter to summer for the General Fund, we are forced to predict taxable values, including new construction, reductions due to diminished property values, and the anticipated Headlee Rollback, over a year in advance leading to a more conservative approach with the estimation of property tax revenues.
- The rising cost of health insurance has generated budgeting, financial, and management challenges. The County has been and will continue to be proactive in establishing measures to monitor and control these expenses.
- OPEBs (Other Post-Employment Benefits) are a significant annual cost with regards to Retiree Health Insurance. The County was required to measure its liability in the 2008 fiscal year and to begin funding the annual required contribution (ARC) starting with the 2009 fiscal year.
- Fluctuations in the stock market and the effect on the market value of our defined benefit accounts through MERS (Municipal Employees Retirement System), coupled with accelerated payments from "closed systems", means an increase in the County's annual required contribution to the retirement system. Other factors contributing to the rise in pension costs include more individuals drawing from the plan as they become eligible for retirement and a reduced actuarial period.
- The slow recovery of property tax values combined with the increased demands of retirement benefits, other post-employment benefits (OPEBs), and health care costs, have stretched many funds and placed a growing burden on the general fund to make up the difference.
- The recent recession in Michigan's housing market also triggered a corresponding decline in permit revenues for the Building Safety & Permits and Soil Erosion Departments, as well as a significant drop in recording fees at the Register of Deeds Office. The 2016 Fiscal Year Budget anticipates some revenue growth within the Building Safety & Permits Department and minimal increases within the Register of Deeds Office as the market begins to slowly rebound and grow.

- Voters approved Proposal 1 (Public Act 80 of 2014) on 08-05-2014 which will phase out many aspects of personal property taxes for small businesses and manufacturers. The Proposal will reimburse local governments by dedicating a portion of the state use tax for that purpose.
- Under Public Act 161 of 2013 Disabled Veterans Exemption, real property used and owned as a homestead by a disabled veteran who was discharged from the armed forces of the United States under honorable conditions is exempt from the collection of taxes. The Disabled Veterans exemption act decreased the County's revenue by \$58,246 in 2015.

### **General Highlights of the 2016 Budget**

The 2016 budget reflects the on-going efforts employed to attain the most accurate portrait of revenues and expenditures in the development phases of the budget. There have been cost reductions throughout many facets of the budget. Many areas have been trimmed and re-evaluated to provide the most efficient and economical delivery of services.

### **REVENUES:**

- Property Taxes
  - Property taxes for the General Fund, which will be levied on 7-1-2016, predict an increase of 2%. An upturn is also projected for the Road Patrol, Commission on Aging, and Veterans' Affairs Funds for their December 1, 2015 levy of approximately 2.4%.
- State Revenues
  - Liquor tax revenues are set to decline by 50% beginning with the 2016 fiscal year. Counties, beginning with the 2016 fiscal year, will still receive liquor tax. However, it will be limited to the amount collected in that county. Previously, the amount was subsidized with amounts collected in Oakland, Macomb, and Wayne counties.
  - Revenue Sharing for the County is projected to remain at the same level as FY 2015 at \$954,111. The County is scheduled to receive \$763,289 as part of the County Revenue Sharing Payment (80%). The remaining portion of the funds (\$190,822) is subject to the County Incentive Program (CIP). The County intends to comply with the Accountability and Transparency provision of the CIP to qualify for the remaining 20% of the Revenue Sharing total.

- Interest Earnings
  - Return rates on investments are anticipated to remain low.

**EXPENDITURES:**

- Wages
  - The budget reflects a 3% wage increase for employees in October of 2015 (FY 2016), except in cases where bargaining agreements may have stated differently. Temporary employees are not included.
  
- Benefits
  - Health Insurance:
    - The budget reflects an estimated 16.17% increase in the departmental charge for health insurance. This charge is based upon our best estimates using the most current data available.
  
  - Retiree Health Insurance (Other Post- Employment Benefits):
    - The County Retiree Health Care Plan is a single-employer defined benefit postemployment healthcare plan which provides medical insurance and prescription drug coverage to qualified retirees and their beneficiaries. As of October 1, 2013, the date of the most recent actuarial valuation, the plan included 193 members (46 retirees and 147 active employees).
  
    - The County participates in the MERS Retiree Health Funding Vehicle, a legally established trust under section 401(a) of the Internal Revenue Code.
  
    - The cost for funding the Retiree Health Insurance (or Other Post-Employment Benefits) OPEB ARC (Annual Required Contribution) has grown dramatically since our first payment in FY 2009.
  
    - The ARC for fiscal years 2009, 2010, and 2011 were \$575,662, \$583,802, and \$558,627 respectively.
  
    - With the completion of the actuarial report for the 2012 fiscal year, the ARC increased significantly primarily due to a change in mortality tables. The ARC for fiscal years 2012, 2013, 2014, and 2015 were \$768,339, \$749,447, \$809,083, and \$721,715 respectively.
  
    - An actuarial report will be completed in June of 2016 which will determine the OPEB ARC for FY 2016 and FY 2017.

- Retirement

- The County is a member of the Michigan Employment Retirement System (MERS), an independent non-profit organization, to manage both the defined benefit and defined contribution plans.
- The defined benefit pension plan is currently closed to new employees; they are offered participation in the defined contribution plan.
- Due to the closing of the defined benefit pension plan, the amortization period is reduced which increases the annual required contribution.
- The 2016 budget reflects an averaging of the defined benefit and defined contribution costs for each benefit group using a percentage based allocation to cover each benefit groups' ARC (annual required contribution).
- Extra funding contributions have been incorporated for defined benefit groups that are less than 80% funded.

- Personnel

- This budget includes the Accountant position for the County Treasurer's Office. This position was created in FY 2010. It is funded from Fund 521 – PA 123 Operations Fund and budgeted for \$67,523 in wages and fringes.
- This budget includes funding for a part-time position within the Register of Deeds Office with \$22,576 in wages and fringes. This position became fully funded by the General Fund in the 2014 Fiscal Year.
- This budget retains funding for a part-time Animal Shelter Attendant position in Fund 2052 scheduled to work 28 hours per week with a total of \$22,518 in wages and fringes.
  - This Shelter Attendant position was originally created in 1990 at 30 hours per week and became a 40 hour per week position in 1997. However, from 2004 through 2007 this position was not budgeted for and was reflected as a vacant position in the manning table.
  - This position was budgeted at 20 hours per week in the 2008 budget and, subsequently, grew to a 30 hour per week position beginning with 2009 budget.

- In 2015, due to the Affordable Care Act (ACA), this position was reduced to 28-29 hours per week.
- This budget includes funding for a part-time Volunteer Program Coordinator in Emergency Services with a total of \$7,946 in wages and fringes. The cost of this position is partially offset with funds received from NACCHO in the amount of \$3,500.
- The County Jail remains at the same staffing level as FY 2015 which is an equivalent of 38 correction officers. In FY 2013, the Jail operated with 33 full-time and 4 part-time correction officers. The 4 part-time individuals worked 40 hours per week with no full-time benefits. This gave the Jail an equivalent of 37 correction officers. In FY 2014, the 4 part-time individuals continued to work 40 hours per week with no full-time benefits and, in addition, 2 new part-time positions at 20-25 hours per week were added. This provided the Jail with an equivalent of 38 correction officers.
- This budget includes a new position (created in FY 2015) for the County Jail of Administrative Sergeant. This position alleviates some of the duties of the Jail Administrator as well as the other command staff. As long as this position is filled, the Assistant Jail Administrator position must remain vacant. If the Assistant Jail Administrator position is filled, then this position must be vacant.
- The following positions remain in the manning table but are expected to remain vacant throughout the 2016 fiscal year:
  - Assistant Prosecuting Attorney - Prosecuting Attorney's Office;
  - Legal Secretary - Prosecuting Attorney's Office;
  - IT Specialist I – Information Technology Department;
  - Clerk of the Court/Business Manager/CEO – District Court;
  - Senior Meals Nutrition Program Supervisor – Commission on Aging; and
  - Program Coordinator (Alzheimer/ADC) – Commission on Aging.
- Some departments submitted requests for positions to be created, reviewed and/or reclassified during the 2016 fiscal year budget process. No funds have been allocated in the 2016 budget for these requests. However a copy of each request will be given to the Human Resources Director for analysis.

**OTHER ITEMS OF NOTE**

- Upon recommendation of Board leadership, the budget provides relief for outside agencies by reducing Central Service Allocation costs by 50% for departments with a millage (Road Patrol – relief of \$47,296; Commission on Aging – relief of \$76,320, and Veterans Affairs – relief of \$8,895).

- The County Jail Fund is balanced utilizing \$300,000 of the additional revenue expected to be generated in FY 2015 from the housing of extra federal inmates over the 140 contracted inmate level. With the additional funding provided by the General Fund (\$1,200,000), we are positioning ourselves should the extra per diem revenue begin to diminish or end.
- The Sheriff's Road Patrol Fund is balanced utilizing \$100,000 of the additional revenue expected to be generated in FY 2015 from the housing of extra federal inmates over the 140 contracted inmate level. The fund is also budgeted to receive \$321,000 of the Land Sale Proceeds surplus from the General Fund. The law enforcement area faces long-term funding issues. It is important that this item receives additional attention in the near future to prioritize needs and funding sources.
- The Animal Control Fund revenues from dog licenses have been in a downward trend in recent years and is expected to remain stagnant for the 2016 fiscal year. This fund continues to rely on additional money from the General Fund.
- The Soldiers Relief Fund (Veterans Affairs) budget reflects a strategic approach for allocating the dollars they have available to distribute to clients.
- The Building Authority Fund, which collects the rent dollars from DHS (Department of Human Services), is setting aside money for capital projects for the DHS Building.
- The Building Safety and Permits Fund reflects no subsidy from the General Fund. It does reflect the office remaining open five (5) days per week with two secretarial positions (one at 40 hours per week and one at 32 hours per week).
- Funding for Michigan State University Extension includes a 3.72% increase for clerical staffing, 4H-Youth Agent, and Land Use Educator according to the MSUE 3-year plan. There is a 3% increase on the assessment in 2016. Funding for the Michigan State University Extension totals \$194,928 for FY 2016.
  - The County Board of Commissioners recently approved an agreement with Muskegon County to receive equalization services in lieu of filling our vacant Equalization Director position. This has a potential to provide a net savings of \$41,878 for the General Fund.

### **Conclusion**

The budget is the primary policy statement on County programs and priorities from the Board of Commissioners to the citizens of our County. The budget provides information to the public on the funding priorities and programs that have been established. It provides direction for departments, offices, and agencies through the course of the fiscal year. The budget is also a flexible document that is subject to change as the need arises, information becomes available, and priorities change.

I would like to thank the Board of Commissioners, all departments, elected officials, the judiciary, and the administrative staff for their cooperation in developing the 2016 annual budget. Many have contributed to this plan and they should be commended for the effort put forth to provide the most effective and efficient services and resources to the citizens we serve.

Respectfully Submitted,

Donna E Kipp  
Finance Director

General Operating (estimated levy)	5.3685

**BE IT FURTHER RESOLVED (#4)** that with the adoption of the 2016 Newaygo County Equalization Report and the determination of the 2016 "Headlee" Millage Reduction Fraction, as required by MCL 211.34d, the County will establish the final 2016 tax year levy for general fund operations.

**BE IT FURTHER RESOLVED (#5)** that the County Administrator, acting as Chief Administrative Officer, is hereby authorized under MCLA 141.439 et seq. to review and approve transfers as well as amendments to the budget, at an amount not to exceed \$30,000, between appropriations and amongst funds, without the prior approval of the County Board of Commissioners.

**BE IT FURTHER RESOLVED (#6)** that the elected County officials and department heads are responsible for their budget which includes revenue and expenditure projections and shall notify the Administration Office of anticipated expenditure overages and revenue shortfalls in order to insure that revenues and expenditures are within authorized budgetary projections and limitations. Timely budget adjustments must be made in order to review the current status of the County's financial position.

**BE IT FURTHER RESOLVED (#7)** that the Finance Committee must see that funds are made available for future expenditures which result from current costs. An example of this is retirement cost, which is paid up to two (2) years after the cost was incurred. Another example is that workers' compensation costs are estimated at the beginning of the year and are adjusted at the end of the year after the audit is made of actual wages paid. Provisions must also be planned for future renovations of existing buildings or the building of new buildings as additional space is required.

**BE IT FURTHER RESOLVED (#8)** that the Finance Committee will work with department heads and agencies during the 2016 fiscal year in an attempt to reduce variable budget expenses and review the areas of fees and services where increases can be justified.

**BE IT FURTHER RESOLVED (#9)** that expenditures in any fund, activity, or line item, in excess of the adopted budget in each fund, activity, or line item will not be made without amending the budget pursuant to established procedures.

**BE IT FURTHER RESOLVED (#10)** that during the budget process resulting in the FY 2015-2016 budget, it was understood that county revenues and expenditures may vary from those which are currently projected and may be changed from time to time during the 2016 fiscal year, as deemed necessary.

**BE IT FURTHER RESOLVED (#11)** that all County elected officials, County department heads, and County commissions/committees shall abide by the purchasing policies and procedures, as established, adopted, and amended from time to time by this Board for all purchases made with funds appropriated by the Board, and these budgeted funds are appropriated contingent upon compliance with the purchasing procedures.

**BE IT FURTHER RESOLVED (#12)** that the approved position allocation list (manning table) contained in the budget shall limit the number of regular employees who can be employed, and no funds are appropriated for any position or employee not on the approved position list (manning table) unless otherwise authorized by the County Administrator under the Newaygo County Personnel Manual. Further, there may be a need to increase or decrease various positions of the budget and/or impose a hiring freeze and/or impose layoffs due to unforeseen financial changes. Therefore, the approved position allocation list (manning table) may be changed from time to time by the Board of Commissioners.

**BE IT FURTHER RESOLVED (#13)** that positions contained in the position allocation list (manning table) which are supported on some part by tax revenue, grants, cost sharing, child care reimbursement, fees for services, or some other source of funding are approved contingent upon the County receiving budgeted revenues. In the event funding is not received or the County believes, or is notified that it will not be received, then said position shall be considered unfunded, removed from the position list (manning table) and the position subsequently laid off.

**BE IT FURTHER RESOLVED (#14)** that the revenues received by the County under Public Act 106 (1985 Convention Facility Tax Revenues) and Public Act 264, 1987 (Cigarette Tax Revenues) shall NOT be used to reduce the County's 2016 operating millage levy (2015-2016 Budget Year) as defined by Public Act 2, 1986.

**BE IT FURTHER RESOLVED (#15)** that in accordance with PA 106, 1985 and PA 2, 1986, that at the direction of the Board of Commissioners 50% of the convention facility tax revenue may be transmitted for substance abuse programs, with the remaining 50% to be deposited in the County's General Fund.

**BE IT FURTHER RESOLVED (#16)** that in accordance with PA 264, 1987, that 12/17ths of the Cigarette Tax Revenue shall be transmitted to the District Health Department No. 10 and 5/17ths shall be transmitted to the County Jail Fund, in accordance with the Act.

**BE IT FURTHER RESOLVED (#17)** that all persons responsible for the administration of this budget be duly advised of the contents of Public Act 621 of 1978 and their respective appropriations and responsibilities for the administration of the same. This 2016 Budget reflects the cooperative efforts between the Administration Office, County department heads, and agency directors. The County Board, its' Committees, and all County Officials must continue to work together during the 2016 fiscal year in order that all funds available to the County are realized, and all the funds realized are used to the benefit of the citizens of Newaygo County in programs with the most need. The major revenue sources and expenditure programs must be watched closely to ensure that large variances from the budget do not cause a reduction or loss of vitally needed services.

**BE IT FURTHER RESOLVED (#18)** that the Board of Commissioners hereby ratifies the following labor agreements and contracts: Teamsters Local 214 Contract expires 12-31-2015; Sheriff Deputies (POLC) expires 12-31-2015; Correction Officers (POAM) expires 12-31-2016; Corrections Command (COAM) expires 12-31-2016; Central Dispatch (POAM) expires 12-31-2015; Command Officers expires 12-31-2017; all independent contractor labor agreements through the Courts or Building Safety & Permits Department; MMRMA expires 09-30-2015; Blue Cross/Blue Shield Contract expires 12-31-2015.

**BE IT FURTHER RESOLVED (#19)** that the Board of Commissioners hereby conditionally approves the 2016 fiscal year Judicial budgets based on a court order requiring the County to involuntarily pay the State of Michigan's Judicial expenditures and further provide that the Board of Commissioners may reduce Judicial expenditures in the event the State does not provide revenues in compliance with the existing law; and

**BE IT FURTHER RESOLVED (#20)** that in accordance with item #13, the County Administrator is authorized to automatically reduce any department when a budgetary shortfall in revenue or an overage in expenditures is anticipated. The County Administrator shall promptly make the necessary layoffs and advise those affected by the service that those services are being discontinued as a result of either a lack of revenue or a corresponding overage in expenditures; and

**BE IT FURTHER RESOLVED (#21)** that the County Administrator be, and hereby is, appointed Budget Administrator pursuant to the Uniform Budgeting and Accounting Act, MCLA 141.421 et seq., with power to administer such duties in connection with said budget, as may be from time to time, delegated to the Office of Administration by this Board; and

**BE IT FURTHER RESOLVED (#22)** that the Board of Commissioners hereby re-affirms its authorization created by Resolution #01-004-08 and Resolution #05-009-13 adopting a monthly surcharge for Newaygo County on all communication service devices of \$1.95 per month to cover the cost of the 911 Emergency Service Program for the 2016 fiscal year; and

**BE IT FURTHER RESOLVED (#23)** that the Board of Commissioners hereby ratifies the Personnel Manual, County Policies and Appendix on Sexual Harassment, Technology, Emergency Preparedness, Finance, and Amendments to all the other manuals and policies; and

#### **101 Board of Commissioners**

The Board of County Commissioners is the governing body and the major policy approval center of county government. It is the legislative body with authority over most aspects of the County.

Voters elect commissioners from single member districts in each County. A County Apportionment Commission establishes the commissioner districts every ten years following the U.S. Government's Official Census of that population.

Membership: Currently, the Newaygo County Board of Commissioners' membership is a seven-member board.

Meetings: The Commissioners must have a January meeting (1st Meeting) in each calendar year to organize and elect a Chairman and Vice-Chairman. An April meeting is required for the purpose of establishing property tax rates. The annual meeting is scheduled to be held between September 14th and October 16th each year. It is the meeting at which the County Board usually seeks to adopt the budget for the next fiscal year, which begins in October.

The Newaygo County Board of Commissioners operates under the committee system. This allows it to spread the workload and develop some specialization among members.

#### **131 27th Circuit Court**

The circuit court is the trial court with the broadest powers in Michigan. In general, the circuit court handles all civil cases with claims of more than \$25,000 and all felony criminal cases (cases where the accused, if found guilty, could be sent to prison). The family division of circuit court handles all cases regarding divorce, paternity, adoptions, personal protection actions, emancipation of minors, treatment and testing of infectious disease, safe delivery of newborns, name changes, juvenile offenses, and child abuse and neglect. In addition, the circuit court hears cases appealed from the other trial courts or from an administrative agency.

The State is divided in judicial courts along county lines. The number of judges in a circuit reflects the volume of business in the court. If there is more than one county in a circuit, judges travel from one county seat to another to hold court. The 27th Circuit Court has two circuit judges who preside over the circuit courts of Newaygo and Oceana counties.

Circuit judges are elected for six-year terms on non-partisan ballots. A candidate must be a resident of the circuit in which the candidate is running, a qualified elector, licensed to practice law in Michigan, and at the time of election less than 70 years of age. The legislature sets salaries for circuit judges.

#### **Funding**

Where the Legislature has by statute granted authority or created a duty, the local funding unit may not refuse to provide adequate funding to fulfill the function [*Wayne Co. Prosecutor v. Wayne Co. Bd. Of Comm.'s., 93 Mich.App. 114, 286 N.W.2d 62 (1979)*]. The Judiciary possesses the inherent power to determine and compel payment of those sums of money which are reasonable and necessary to carry out its mandated responsibilities, and its powers and duties to administer Justice [*Wayne Circuit Judge, supra, 386 Mich. At 9, 190 N.W.2d 228*].

#### **Court Equity Fund**

The Court Equity Fund was established in 1996 to provide limited funding for trial court operations. The fund is disbursed quarterly within the state fiscal year to county governments, based on statutory formula that establishes each county's share. The formula includes two factors: the caseload activity of the circuit and probate courts and the number of judgeships in each county. The first factor, caseload, takes into account new cases filed for the most recent three years in the circuit and probate courts in the county and compares the county's proportion of these filings for the three years to the total filings for the state for three years. The second factor compares the number of judgeships within the county to total judgeships in the state.

The revenue sources to the Court Equity Fund include state general fund appropriations and multiple sources of restricted revenue that originate from local trial court fees, costs, and assessments. Each payment from the fund within the state fiscal year will reflect the revenue deposits to the Court Equity Fund for the preceding quarter. Therefore, quarterly payments will vary, reflecting fluctuations in court revenues received. Payments that have been most recently received by Newaygo County are:

FY 2000	\$287,697
FY 2001	\$301,565
FY 2002	\$295,903
FY 2003	\$285,897
FY 2004	\$319,494
FY 2005	\$312,416 Projected

#### **131-5 Family Division Juvenile Branch of Circuit Court**

The matters handled by the Juvenile Branch of the Family Division of Circuit Court include juvenile delinquency, neglect and abuse, adoptions, name changes, emancipation, and waiver of parental consent for an abortion. All cases are heard by either the circuit court judge or the probate court judge, who is assigned to the family division to handle a percentage of the caseload.

Juvenile delinquency cases are opened when the prosecuting attorney alleging that a minor child under the age of 17 has committed an offense files a petition. The legal process is similar in many respects to the adult legal system, including the right to have a trial before a judge or jury. If found responsible, a juvenile may be placed on probation and provided with various services, including foster care.

Neglect and abuse petitions are filed by Protective Services through the prosecuting attorney, and if the court takes jurisdiction, the minors are made wards of the court. The Family Independence Agency supervises neglect/abuse cases, and various services are provided to families. Children can remain in their home or be placed in foster care. Termination of parental rights can occur in cases where there is a lack of compliance with the case service plan.

Individuals, in the case of stepparent or in-family adoptions, or by an agency or attorney, can file adoptions. Petitions for change of name of an adult or minor and petitions for emancipation of a minor can also be filed by completing a petition and paying a filing fee.

The title of the office suggests that it registers or records properly deeds. This is true, but in addition, everything that affects the quality of a deed is recorded with the Register of Deeds. Any person, private or business who borrows money from a financial institution where the property is used as collateral will have a title search done from the records in the Register of Deeds Office. All financial security records and real estate records must be maintained flawlessly. There is no room for error; the records must be accurate, up to date and immediately available.

The importance of this role of the Office of Register of Deeds is captured in the following statute: "Every conveyance of real estate within the state hereafter made, which shall not be recorded as provided in this chapter, shall be void as against any subsequent purchaser in good faith and for a valuable consideration."

Without a central place to record all real estate documents and without a person to manage such records in an orderly and systematic way, society would be hard-pressed to conduct in a dependable way the buying, selling and owning of real estate.

#### **648 County Medical Examiner**

The Office of the County Medical Examiner replaced the Coroner's Office with the passage of Michigan Public Act 92 passed in 1969. The Medical Examiner is a licensed physician who investigates violent, sudden, unexplainable or unexpected deaths. He must determine the victims' identity, cause of death and manner of death. He may initiate whatever examinations he deems necessary including autopsy, or police investigation. The Medical Examiner's findings are important in preserving public safety and in identifying dangers to society.

#### **6491 Family Counseling Services**

Public Act 155 of 1964 created the Circuit Court Family Counseling Services for the purpose of preserving and improving family life through competent family counseling, family counseling serviced which shall include domestic violence and child abuse. In each judicial circuit, the circuit court may establish family counseling services. The county board of commissioners shall appropriate \$15.00 of marriage license fee and all income derived form fees charged for family counseling services. In multiple-county circuits, the board of commissioners may agree as to the participation of each in the funding, and as to the appropriation which each may make. The agreement may provide for varying rather than equal contributions from each county.

The circuit court shall not enter into a contract, employ personnel or expand funds which shall exceed the appropriations of the funds from the county board of commissioners.

The Newaygo County Circuit Court originally contracted with an individual to provide direct counseling services to parties/families who came under the jurisdiction of the court, and it was deemed by the court, these parties/families would benefit from counseling. However, due to the small amount generated in revenues, only a modest program could be sustained. There has been very little activity or expenditures from this fund since the passing and termination of the counseling contract.

Funds generated for Family Counseling Services cannot be expended for any other purpose and must be preserved in the fund. Previous requests for a full accounting of revenues on account have not been fully answered. The court intends to fully pursue this issue to once and for all reconcile unexpended revenues of prior years.

#### **Supervised Parenting Time (SPT) Program**

The Friend of the Court at one time was awarded grant funding for the operation of the Supervised Parenting Time Program. This funding has been terminated, however the need to the program continues to grow. It has been determined that funding from the Family Counseling Services Fund is appropriate to fund the expenses of the Supervised Parenting Time Program.

##### Supervised Parenting Time (SPT) Program

In 2003, Newaygo County Friend of the Court received grant funds from the Michigan Supreme Court to initiate a Supervised Parenting Time (SPT) Program. These grant funds were no longer made available but the need for the program has continued. It is intended that the SPT Program will be funded through monies available in the Family Counseling Services Fund.

In some cases, concern arises about the safety or well being of the child(ren) during parenting time. For these cases,

supervised parenting time can assist in managing the facilitating the contact between the parent and child(ren). Given the presumption in favor of parenting time, supervised parenting time should occur only when other, less restrictive methods of ensuring a child(ren)'s wellbeing during parenting time cannot be implemented. The primary purpose of supervised parenting time is to provide for the safety of the child(ren). The welfare of the child(ren) is the paramount consideration in determining the manner in which supervision is provided.

There are three generally accepted means of providing supervised parenting time. The particular method selected for supervised parenting time varies with the reason for supervision., For example, if the supervised parenting time is ordered to assist in establishing a relationship between a parent who has been absent from a child(ren)'s life, the supervised plan will be quite different than if the supervised parenting time is ordered due to physical or sexual abuse of the child(ren). The type of supervised parenting time selected should reflect the logical and feasible goals to be accomplished.

An arrangement has been reached with the White Cloud United Methodist Church to use their church facilities for purposed of conducting the SPT Program. It is conveniently located to the courthouse and court personnel, and is a familiar to local police should an emergency occur during an SPT visit. The Church has a designated area for youth activities that is fully equipped with toys and activities for children of all ages.

Prior to the establishment of the SPT Program, parties would have to make their own private arrangements, which often did not succeed or resulted in further complications to the case.

## SPECIAL REVENUE FUNDS

### Function Statements

---

The fund is classified as a special revenue type fund because of the limited uses of the fund assets as provided by Public act 698 of 2002. Upgrading technology is defined to include the design and purchase of equipment, and supplies and implementation of systems and procedures. The procedures must allow the register of deeds office to receive, enter, record, certify, index, store, search, retrieve, copy, and otherwise process (by automated procedures and advanced technology) document, instruments, abstracts, maps, plats, and other items recorded and maintained by the register of deeds.

##### **Resolution #04-032-91**

The Central Dispatch Authority was established in 1991 by Resolution #05-035-91 under Public Act 32. In 1993, Newaygo County residents overwhelmingly passed a surcharge on their telephones to support this life saving service. The Board of Commissioners authorized Michigan Bell to develop the enhanced portion of the 9-1-1 system. The Central Dispatch Authority was established to provide emergency telephone communications for Newaygo County residents and communicate those emergency requests to the appropriate police, fire or ambulance service center. The Central Dispatch Authority has equipped the service center with the most up to date equipment, which includes the ability to determine the caller's telephone number and address. As this data appears on a computer screen, the appropriate dispatching scenario is also provided to the dispatch operator and identifies the appropriate police, fire, or ambulance service to be sent.

This fund was established in the 1998 Budget to replace Fund 235, Central Dispatch Authority Fund, as required by the State.

#### **265 Drug Law Enforcement Fund**

[Const 1963, Art 8, Sec 9]

#### **Need for County Law Libraries**

"Generally, the trial judge and the average practicing attorney rely entirely upon the county law library to supply them with legal research materials. The trial courts are the very core of the American judicial system. These courts are the first, and usually the only, point of contact an individual will have with our legal system. It is important that the judges and attorneys who practice before them have easily available the necessary legal research materials to insure the individual, and society as a whole, the protection of the law." [The Development of the County

Law Library, Jacquelyn Jurkins, 62 Law Library Journal] "The function of a law library in the operation of our justice system is largely unnoticed and little understood by the general public.

The trial stage of a case is the phase of a court proceeding that the public is most familiar with. But what perhaps escapes the general public is that a trial of any case is preceded by hours of preparation by the attorneys for the parties. In almost every trial, the court has questions of law which require research. These hours of research by attorneys and by trial judges go unobserved and unreported in the media. A law library serves the vital function of providing the tools for research for those involved in our justice system." [Pontiac - Oakland Legal News, April 30, 1976]

#### **Purpose of Standards**

Specific standards are suggested as an aid to the formulation of a program for the individual county law libraries. They are based upon the assumption that private law offices are adequately equipped with those publications, such as legal form books, etc., which are devoted to the "mechanics" of the practice rather than to the substantive or procedural law, and those which are devoted to specialized areas of the law in which the individual attorney may engage but which are seldom encountered by the general practitioner or the local courts, such as works on admiralty law, patents, and copyrights, etc. These standards are further based upon the practical knowledge that the funding available to most county law libraries preclude the achievement of the "ideal" and that the funds not used for the cost of supplemental "upkeep" service on existing publications, should be allocated to the purchase of additional works on some system of priority of need.

The Newaygo County Law Library is maintained with the barest number of publications believed essential to the public, as few, if any, attorneys rely upon our Law Library. We do not meet the "minimum standards" established and described in the following section, primarily due to the expense of maintaining such standards. We have an on-line subscription that must be utilized when the Law Library does not provide the legal text sought by the individual, which has helped to significantly reduce our expenses.

#### **Minimum Standards of County Law Libraries**

These standards are limited to those research materials appropriate to practice in and before the courts of the State of Michigan, and do not include materials which might be necessary for practice in the federal courts or before various federal and state administrative tribunals. These standards are divided into categories designed to identify and utilize necessary priorities and to distinguish the various publications by content, scope, purpose, and manner of use. Within each category, the publications are designated within two type groupings, and the publications available within each type are listed without order of preference.

The State Court Administrative Office of the Michigan Supreme Court, along with the State Law Library, has approved minimum standards for county law libraries. See the standards at the SCAO website at:

## SPECIAL REVENUE FUNDS

---

### Function Statements

---

#### **Mandatory Publications**

Those publications designated as "mandatory" are considered to be of such basic importance that their unavailability to the court may result in substantial risk of judicial error and attorneys without ready access to them cannot be expected to adequately represent members of the public involved in civil or criminal litigation before the courts.

#### **Necessary Publications**

Those publications designated as "necessary" are so designated, not because they are not essential to competent adjudication and legal representation, but because the need for them is less frequent, and when it occurs, is not often so pressing in time as to preclude consulting them in a larger and most distant law library. It should be born in mind, however, that these publications are nevertheless necessary components of any reasonable adequate law library, and at that the time and expense involved in consulting them in distant locations and the possibility of judicial error and inadequate representation from their relative inaccessibility, must inevitably be reflected in not only the cost but the quality of the administration of justice to the public.

#### **Desirable Publications**

Those publications designated as "desirable" are so designated because it is felt that the cost of the acquisition and upkeep, considered in the context of the prevailing inadequacy of available funds, outweigh the necessity of their acquisition for the law libraries of the less populous countries.

#### **Alternate Publications**

Where publications are identical or sufficiently similar content and format to so permit, they are designated alternative publications. Similar publications purposes by their publishers to be acceptable alternatives, but considered inadequate by these standards, are omitted.
