The Employer, including Elected Officials and Judges, reserve and retain, solely and exclusively, all rights to manage and operate its affairs and neither the constitutional nor the statutory rights, duties, and obligations of the Employer shall in any way whatsoever be abridged by the terms of the County Policies and Procedures.

Newaygo County reserves the right to amend or alter the terms of the policies and procedures listed herein.

Subject: General Employee Professional Standards

PURPOSE

Newaygo County wishes to create a work environment that promotes job satisfaction, respect, responsibility, integrity and value for all employees, citizens and stakeholders. That said, the County has established professional standards for employees as a guide for workplace conduct. Specific professional standards may differ by occupation, bargaining agreement or department procedures. Violation of any General Employee Professional Standard will subject an employee to discipline by the employer up to and including termination, and depending on the circumstances, could also result in civil liability or criminal penalties.

CONDUCT

All employees are expected to be courteous to their supervisors, subordinates, coworkers and members of the public. Disorderly conduct, fighting, rudeness, physical, verbal or mental abuse of others is strictly prohibited. The making of any false or malicious statements about others or your employer is also strictly prohibited.

DRESS AND GROOMING

Employees are expected to maintain a neat and well-groomed appearance in accordance with their position and working conditions - *See Dress Code: Attire and Grooming Policy*. An Elected Official may implement a dress code for their department.

TARDINESS

Employees who are late may not be paid for time missed or otherwise disciplined and/or dismissed at the discretion of the Department Head/Elected Official.

REPORTING ABSENCES

Employees are required to notify their immediate supervisor prior to any absence as soon as possible.

ACCEPTANCE OF GIFTS

Employees shall not accept any gifts or gratuity from any individual or agency that may be construed as influencing a decision of a County employee.

PERSONAL MAIL

Employees are required to limit usage of the County's mail service to business purposes only. You should minimize the use of the County's address to receive personal mail, particularly when a signature is required to accept the delivery. CHANGE OF NAME, ADDRESS, PHONE NUMBER OR DEPENDENTS

If an employee has a name change, marries, has children, divorces, telephone number change, or address change, it is important that the employee informs their supervisor and the Administration Office no later than thirty (30) days after the event so that the employee's personnel record and insurances may be adjusted. It is the employee's responsibility to keep the Administration Office up to date regarding these matters. Failure to do so may result in a delayed coverage effective date.

If the employee has a dependent that is no longer eligible for coverage, it is the employee's responsibility to notify the Administration Office so that the proper adjustments may be made. If the employee fails to notify the Employer that a dependent is no longer eligible for coverage, the employee may be billed for expenses incurred by the County.

Subject: Fraternalization Policy

Employee off-duty conduct is generally regarded as private as long as such conduct does not create problems within the workplace. An exception to this principle, however, is romantic or sexual relationships between supervisors and subordinates which is prohibited. Additionally, any supervisor, manager, executive or other County official in a sensitive or influential position must disclose to their Department Head/Elected Official or Human Resources the existence of a romantic or sexual relationship with another co-worker. The Department Head/Elected Official will review the circumstances with Human Resources to determine whether any conflict of interest exists. When a conflict of interest or potential risk is identified due to a County official's relationship with a co-worker, the Department Head/Elected Official will work with the parties involved to consider options for resolving the problem. If one or both parties refuse to accept a reasonable solution or if a solution cannot be found it will be deemed a voluntary resignation from one or both parties.

Dating and physical relationships between two employees within the same department can have a negative impact on the workplace and thus must be immediately reported to your Department Head/Elected Official. Should this situation arise, the Department Head/Elected Official will review with each employee the relevant County policies and obtain written confirmation that the relationship is consensual and that neither person is claiming harassment or discrimination. The Department Head/Elected Official may require a periodic review of the situation to obtain updated confirmation that the relationship remains consensual.

The employee has the responsibility to make arrangements to continue to make their share of the health insurance premium payments to maintain health benefits while they are on leave. The employee has a minimum thirty (30) day grace period in which to make premium payments. If payments are not made timely, the employee's group health insurance may be cancelled, provided the employer notifies the employee in writing at least fifteen (15) days before the date that health coverage will lapse, or at the County's option, the County may pay the employee's share of the premiums during FMLA leave, and recover these payments upon the employee's return to work.

COORDINATION OF FMLA LEAVE WITH OTHER LEAVES

Worker's Compensation/Short and Long Term Disability

If an eligible employee takes worker's compensation leave or short/long term disability for an FMLA-qualifying reason, the employee's FMLA leave will run concurrently with the worker's compensation and disability leave.

Paid Time Off/Vacation Time/Compensatory Time

If an eligible employee is off work due to an FMLA-qualifying reason, the employee must use their paid time off (PTO), vacation time and/or compensatory time during the FMLA leave. The employee's FMLA leave and designated paid leave will run concurrently.

EXTENSION OF LEAVE

If an eligible employee must take more FMLA leave than originally anticipated, they must notify their Department Head/Elected Official as soon as practicable (normally within two business days of learning of the circumstances necessitating the extension). The employee will be asked to provide documentation from their health care provider to support the extension. Nothing in this section shall grant a longer leave entitlement than otherwise stated within this policy.

REINSTATEMENT AFTER FMLA

When a leave of absence is granted for more than twelve (12) weeks, the Employer does not guarantee that the employee will be reinstated in their former position or to the same pay grade and pay step level when they are ready to return to work. That decision is at the discretion of the Department Head/Elected Official.

Subject: Employee Running for Elected County Office

PURPOSE

In order to ensure that County services are provided without interruption or interference, Newaygo County has determined that a policy is needed to address the event of a County employee becoming a candidate for an elected county office within the County.

BACKGROUND

This policy has been developed after consultation with the County's attorney and after review of Public Act 169 of 1976. Its objective is to avoid possible interference with the County's work performance by requiring employees who are candidates for Newaygo County elected county office to request a leave of absence for 60 days prior to any elections for which they are on the ballot.

POLICY

Any current county employee under the jurisdiction of the Board of Commissioners and the County Administrator is legally entitled to become a candidate for nomination or election to any state, district, city, village, township, school district, or other local elective office without first obtaining a leave of absence from his or her employment.

In accordance with the rights afforded to the County under Public Act 169 of 1976, an employee under the jurisdiction of the Board of Commissioners and the County Administrator fulfilling the candidacy filing requirements for elected county office within Newaygo County, unless contrary to a collective bargaining agreement, shall be required to request and take a leave of absence for 60 days prior to each election that he or she participates in. During such time, the employee will be compensated by using their earned paid time off, which includes, but is not limited to, vacation, PTO time, compensatory time, etc. If no time is available, the employee will be unpaid during the leave of absence. No leave of absence will be required in the case of elections where the employee faces no competition on the ballot.

Per Public Act 169 of 1976, the 60 day requirement, as mentioned above, is at the discretion of each elected county official should an employee under their jurisdiction indicate their intention to run for public office in Newaygo County.

Subject: Guidelines for Religious Expression and Exercise in the Workplace

It is recognized that County employees have a constitutional right to freedom of religion and they are protected from discrimination in employment on the basis of religion. In view of those rights and protections, these guidelines were developed. They are intended to provide direction to supervisors and employees regarding religious exercise and expression in the workplace.

It is also recognized that these guidelines cannot cover every conceivable situation which may occur involving religious expression in the workplace. In each instance, the facts should be reviewed on a case-by-case basis in order to make a determination as to the appropriateness of the activity. Human Resources should be consulted by Department Head/Elected Official for assistance in interpreting and applying these guidelines.

Except where it would interfere with the efficient provision of public services, or where expression intrudes upon the legitimate rights of other employees, or where the expression creates the appearance, to a reasonable observer, of an endorsement by County government of religion, County employees shall not be restricted from religious exercise or expression.

Employees will be allowed to engage in private religious expression in their personal work areas, not open to the public, to the same extent as they may engage in non-religious expression.

Employees are free to engage in religious expression with their co-workers. However, such expression may be restricted if it interferes with workplace efficiency, and co-workers are free to decline involvement in another employee's religious expression or discussion.

In areas regularly accessible to the public, employees should refrain from religious expression or exercise which creates an impression, to a reasonable observer, that the County is sponsoring, endorsing, or inhibiting religion generally, or disfavoring a particular religion.

Employees may wear personal religious jewelry, unless circumstances require a ban on similar non-religious jewelry.

Employees may display religious art or literature, in their personal work areas which are not normally accessible to the public, to the same extent as non-religious art and literature, so long as the viewing public would not interpret the display of such items as an endorsement or favoring of religion by the County.

Guidelines for Religious Expression and Exercise in the Workplace

Page 2 of 2

Supervisors may not, explicitly or implicitly, require employees to participate in any religious activity. Nor may they require employees to refrain from participating in religious activity outside the workplace, except to the extent that otherwise neutral, legal restrictions apply to off-duty employee conduct and expression in general. However, supervisors have the right to religious expression which is not coercive, and is understood to be their personal view, to the same extent as they are entitled to other constitutionally protected expression.

Employees shall not be subjected to discrimination, intimidation, ridicule, or insult because of their religious beliefs, or lack thereof.

Employees who believe they are being subjected to religious discrimination, unlawful restrictions, or other behavior in violation of these guidelines should report the activity to their Department Head/Elected Official or the Human Resources Department.

Drug Screening "For Cause"

All employees working for the County may be tested for illegal drugs, substances, synthetic drugs and alcohol if there is reasonable suspicion that the employee is under the influence of alcohol, any of the substances identified as banned substances or abuse of prescription medication. For purposes of this Policy, reasonable suspicion shall be defined as "aberrant behavior or unusual on-duty behavior of an individual who:

- a. is observed on-duty by either the employee's immediate supervisor, higher ranking employee or other managerial personnel who have been trained to recognize the symptoms of drug abuse, impairment or intoxication (observations shall be documented by the observers);
- b. exhibits the type of behavior that shows accepted symptoms of intoxication or impairment caused by controlled substances or alcohol or addiction to a or dependence upon said controlled substances; and
- c. such conduct cannot reasonably be explained by other causes such as fatigue, lack of sleep, side effect of prescription or over-the-counter medications, illness, reaction to noxious fumes or smoke.

Testing of this type will not be conducted without the written approval of the Elected Official and County Administrator¹. Written consent must include documentation as to who is being tested and why the test is being ordered including the specific objective facts constituting reasonable suspicion leading to the test being ordered and the name of any source(s) of this information. One copy of this document shall be given to the employee before they are required to be tested. The employee shall be given enough time to read the document.

Substance Abuse Testing Policy

Page 3 of 5

When a supervisor, higher ranking employee or other managerial personnel has reasonable suspicion to believe an employee is using, consuming or under the influence of alcoholic, non-prescription controlled substance (other than over-the-counter medication) and/or non-prescribed narcotic drug while on duty, that person will notify the appropriate Elected Official and County Administrator¹ for the purposes of observation and confirmation of the employee's condition. The employee will be given an opportunity to explain their condition, such as reaction to a prescribed drug, fatigue, lack of sleep, exposure to noxious fumes, reaction to over-the-counter medication or illness. If, after this explanation, the Elected Official and County Administrator¹ continues to have reasonable suspicion that the employee is using, consuming and/or under the influence of alcohol, non-prescribed controlled substance or non-prescribed narcotic while on duty, then, by a written directive signed by the Elected Official and County Administrator¹, the employee may be required to immediately submit to a drug and alcohol screen. Refusal to submit to testing may result in disciplinary action, up to and including, termination.

Employee drug screens for cause will include testing for alcohol, as well as illegal substances, as defined by federal and/or state law. The employee will be immediately accompanied by a County official to a licensed facility for the drug screen. Each employee will read and execute a consent form prior to any test being administered. Failure to execute the consent form will result in termination.

If the employee tests positive on an initial screening test at a licensed facility, the test will be confirmed by a licensed laboratory. Receipt of a second positive confirmation test will result in the employee's termination of employment. The employee may request to have the split specimen of a positive test retested at another DHHS approved laboratory selected by the employee within three (3) days after notification of such positive test result. The retest is at the expense of the individual unless the original test result is called into question.

In lieu of termination, the respective Elected Official and County Administrator¹ may offer an employee who violates this policy or tests positive the opportunity to return to work on a last chance basis pursuant to mutually agreeable terms, which could include attending drug and alcohol abuse services and follow-up drug testing at times and frequencies determined by the Elected Official and County Administrator as well as a waiver of the right to contest any termination resulting from a subsequent positive test. Any costs associated with a drug and alcohol abuse services or follow-up drug screening will be at the cost of the employee. If the employee either does not comply with the agreed upon terms or tests positive on any subsequent drug testing, the employee will be subject to immediate discharge from employment.

Alcohol detection will be based on an evidential breath alcohol device approved by the National Highway Traffic Safety Act. A test result of .02 or higher is considered positive which may subject the employee to discipline, up to and including, termination.

In addition to the United States Department of Transportation (DOT) requirements, all employees maintaining a CDL and operating commercial motor vehicles will be subjected to the drug screen policies outlined in the Testing Procedures section of this Policy.

A positive test result requires the employee to be immediately removed from operating any commercial motor vehicles on public roadways and their employment will be terminated immediately. In lieu of termination, the County may refer the employee to drug and alcohol abuse services. In addition, the employees must complete return-to-duty and follow-up testing after completion of an approved rehabilitation program as prescribed by a substance abuse professional. Follow-up testing must include a minimum of six unannounced, directly observed drug screens within 12 months of the initial return-to-work screen and testing will follow the procedures outlined for Random Testing.

In addition, please keep in mind that you may be more likely to resolve work-related disputes by seeking guidance from your Department Head/Elected Official or speaking directly with the person with whom you have a dispute rather than posting complaints to a social media outlet. Subject: Personal Cell Phone/Mobile Device Policy

Use of personal cell phones or mobile devices at work can be distracting and disruptive and cause a loss of employee productivity. As a result, employees should refrain from using such personal devices during work time. Daily breaks and meal periods are appropriate times to check or use personal devices. During times of use, employees should use their device in a manner that is courteous to those around them.

Employees with devices that have a camera and/or audio/video recording capabilities are restricted from using those functions on County property unless authorized in advance by the respective Elected Official or County Administrator or used in a manner consistent with the rights of employees to engage in concerted activity in accordance with the *Michigan Public Employment Relations Act*.

Employees are expected to comply with County policies regarding protection of the County's confidential and proprietary information when using personal devices.

Employees who drive a vehicle during the course of their employment may not use a cell phone, mobile device or any other communication device while driving unless the device is equipped or configured with a "hands free" listening/speaking option and the "hands free" device is in fact utilized by the employee who is driving. Employees that need to make or receive a phone call or text message should pull off the road to a safe location unless they have the correct "hands free" equipment for the device that is in compliance with applicable State laws.

Newaygo County Policies and Procedures

Category: Human Resources - 20

Subject: Dress Code: Attire and Grooming Policy

OBJECTIVE

Newaygo County strives to maintain a workplace environment that functions well and is free from unnecessary distractions and annoyances. As part of that effort, the County requires employees to maintain a neat and clean appearance that is appropriate for the workplace setting and for the work being performed. To that end, Newaygo County Department Heads/Elected Officials may determine and enforce guidelines for workplace-appropriate attire and grooming for their department; guidelines may limit natural or artificial scents that could be distracting to others.

PROCEDURES

All Newaygo County employees are expected to present a professional, businesslike image to clients, visitors, customers and the public. Acceptable personal appearance, like proper maintenance of work areas, is an ongoing requirement of employment with the County.

Supervisors should communicate any department-specific workplace attire and grooming guidelines to staff members during new-hire orientation and evaluation periods. Any questions about the department's guidelines for attire should be discussed with your immediate supervisor.

Any County employee who does not meet the attire or grooming standards set by their department will be subject to corrective action and may be asked to leave the premises to change clothing. Hourly paid staff members will not be compensated for any work time missed because of failure to comply with designated workplace attire and grooming standards.

All County employees must carry or wear their County identification badge at all times while at work.

SPECIFIC REQUIREMENTS

Certain employees may be required to meet special dress, grooming and hygiene standards, such as wearing uniforms or protective clothing, depending on the nature of their job. Uniforms and protective clothing may be required for certain positions and will be provided to employees by the County.

At the discretion of the Department Head/Elected Official, in special circumstances, such as during unusually hot or cold weather or during special occasions, employees may be permitted to dress in a more casual fashion than is normally required. On these occasions, employees are still expected to present a neat appearance and are not permitted to wear ripped, frayed or disheveled clothing or athletic wear. Likewise, tight, revealing or otherwise workplace-inappropriate dress is not permitted.

Those requesting a workplace attire accommodation based on religious beliefs should be referred to the Human Resources Department.

- For women, business attire includes tailored pantsuits, businesslike dresses, coordinated dressy separates worn with or without a blazer, and conservative shoes.

ADDRESSING WORKPLACE ATTIRE AND HYGIENE PROBLEMS

Violations of the policy can range from inappropriate clothing items to offensive perfumes and body odor. If an employee comes to work in inappropriate dress, they will be required to go home, change into conforming attire or properly groom and return to work.

If a staff member's poor hygiene or use of too much perfume/cologne is an issue, the supervisor should discuss the problem with the staff member in private and should point out the specific areas to be corrected. If the problem persists, supervisors should follow the normal corrective action process.

Furthermore, it is the County's policy not to discriminate against qualified individuals with disabilities in regard to application procedures, hiring, advancement, discharge, compensation, training or other terms, conditions and privileges of employment.

PROCEDURES

When an individual with a disability requests accommodation and can be reasonably accommodated without creating an undue hardship or causing a direct threat to workplace safety, they will be given the same consideration for employment as any other applicant. Applicants who pose a direct threat to the health, safety and well-being of themselves or others in the workplace when the threat cannot be eliminated by reasonable accommodation will not be hired.

The County will reasonably accommodate qualified individuals with a disability so that they can perform the essential functions of a job unless doing so causes a direct threat to these individuals or others in the workplace and the threat cannot be eliminated by reasonable accommodation or if the accommodation creates an undue hardship to the County.

All employees are required to comply with the County's safety standards. Current employees who pose a direct threat to the health or safety of themselves or other individuals in the workplace will be placed on leave until an organizational decision has been made in regard to the employee's immediate employment situation.

Individuals who are currently using illegal drugs are excluded from coverage under this Policy.

Also covered are any mental or psychological disorders, such as intellectual disability (formerly termed “mental retardation”), organic brain syndrome, emotional or mental illness and specific learning disabilities.

An impairment, such as cancer that is in remission but that may possibly return in a substantially limiting form, is also considered a disability under EEOC final ADAAA regulations.

Subject: Short-term Disability Policy

Short-term disability benefits are provided by the County of Newaygo for their full-time employees as established in the Newaygo County Personnel Manual or respective union contract. In coordination with those benefits, a Short-term Disability Plan has been established that sets forth eligibility and criteria for said benefits.

For a schedule of benefits, please see the Newaygo County Personnel Manual or respective union contract.

Requests for benefits other than those to which an employee is entitled in accordance with this plan cannot be accepted.

FULL-TIME EMPLOYEE

An employee must be considered a full-time employee to be eligible for coverage under this plan.

ACTIVELY AT WORK

Employees must be actively at work on a full-time basis in order to become covered under this plan. Employees not actively at work on their effective date will become eligible upon return to active full-time employment.

NEW EMPLOYEES

Employees will become eligible for benefits as set forth in the Newaygo County Personnel Manual or respective union contract.

ACCUMULATION OF ELIMINATION PERIOD

During the elimination period, a disability can temporarily cease for up to seven (7) calendar days and not require the beginning of a new elimination period. The days not disabled do not count towards the satisfaction of the elimination period. An employee can satisfy the elimination period with a period of total disability, partial disability, or a combination of both.

GROSS PAY

Gross pay means the covered employee's weekly or monthly rate of earnings from the County of Newaygo in effect immediately prior to the date disability begins. It does not include:

- A. bonuses;
- B. overtime pay; or
- C. any other extra compensation.

EXCLUSIONS

Disabilities which arise from intentionally self-inflicted injuries, war, participation in a riot, or committing a felony, assault or battery will not be covered under this Plan.

MATERNITY

Disability caused by pregnancy or complications of pregnancy will be covered on the same basis as a covered illness.

BENEFITS

When a covered employee is disabled for longer than the elimination period, Newaygo County will pay a percentage of their weekly earnings for short-term disability as shown in the Schedule of Benefits which can be found in the Newaygo County Personnel Manual or the respective union contract.

RECURRENT DISABILITY

Recurrent disability means a disability which is related to or due to the same cause or causes as prior disability for which a monthly or weekly benefit was payable. A recurrent disability will be treated as a continuation of the prior disability if, after receiving disability benefits under the Plan, an employee returns to their regular occupation on a full-time basis for less than 6 months and performs all the material duties of their occupation. Benefit payments will be subject to the terms of the Short-term Disability Policy and Schedule of Benefits, which can be found in the Newaygo County Personnel Manual or respective union contract, for the prior disability.

If an employee returns to their regular occupation on a full-time basis for six months or more, a recurrent disability will be treated as a new period of disability. The employee will have to satisfy a new elimination period before benefits become payable.

PARTIAL DISABILITY

Many employees who receive disability benefits desire to return to work, but are not able to resume all their former duties on a full-time basis. This benefit is designed to assist partially disabled employees to return to work by providing financial security during this difficult period.

Employees will be able to qualify for this benefit if they are under a doctor's care and are:

- A. able to perform one or more, but not all, of the material and substantial duties of their regular occupations on a full-time or a part-time basis; or

The Board of Commissioners believes that public officials, whether elected or appointed, and employees owe a duty of trust to those they represent and serve. To maintain the people's trust in their government, public officials and employees must act in an ethical manner. Decisions shall be made in the best interest of the community, not individuals and no public official or employee shall use his or her position with Newaygo County for private gain. Additionally, conflicts of interest, or the appearance of conflicts of interest, shall be scrupulously avoided. In the interest of maintaining the public's trust and assuring the integrity and impartiality of the officials and employees of Newaygo County, an ethics policy is appropriate.

BACKGROUND

This policy has been developed with consideration of the ethical constraints outlined in The State Ethics Act, 1973 PA 196; and 1968 PA 317, as most recently amended in 1997. Conflicts of Interest

No official or employee shall participate, as an agent or representative of Newaygo County, in approving, disapproving, voting, abstaining from voting, recommending or otherwise acting upon any matter in which they or a person with whom they have a personal relationship, has a financial or personal interest without disclosing the full nature and extent of the interest. Such a disclosure must be made before the time to perform their duty or concurrently with the performance of the duty. If the official or employee is a member of a decision-making or advising body, they must make disclosure to other members of the body on the official record. A disclosure will be appropriately addressed by an appointed official, the County Administrator, the appropriate Elected Official or the BOC. The County Administrator shall report such disclosures to the Board of Commissioners. In cases where the potential conflict is disclosed to a decision-making or advisory body, the body will determine if there is an actual conflict of interest that prevents the official or employee from taking part in discussion of or from voting on the matter. Likewise, if a potential conflict is reported by an official or employee, and the individual is not acting in the capacity of a member of a decision-making or advising body, the person or the individual's supervisor who receives the report will determine if the potential conflict prevents them from carrying out their duties.

Subject: Pre-Employment Screening Policy

PURPOSE

Newaygo County believes that hiring qualified individuals to fill positions contributes to the overall strategic success of the organization. Pre-employment screening serves as an important part of that selection process. Information obtained through the screening process is collected as a means of promoting a safe work environment for current and future Newaygo County employees as well as verifying the accuracy of the information provided by the applicant. It also helps to obtain additional information to best determine the applicant's overall employability. That said, specific guidelines for evaluating an applicant's past is important to deter discrimination or privacy violations during the hiring process.

SCOPE

This policy applies to all County Departments when hiring full-time and part-time employees, including temporary and seasonal positions. Certain areas also pertain to designated volunteers.

POLICY

As a condition of employment with Newaygo County, pre-employment screenings are conducted regardless of the position. Further, pre-employment screenings for volunteers must include, at a minimum, criminal background and driving record checks. A list of the various pre-employment screening processes are listed below. It is the hiring department's responsibility to cover all costs associated with the screening process.

Pre-employment screenings must be coordinated with Human Resources. Human Resources will ensure that pre-employment checks are conducted in compliance with all federal and state statutes, such as the Fair Credit Reporting Act and applicable equal employment opportunity laws.

Pre-employment screening(s) may be performed for any existing employee being transferred, reassigned, reclassified or promoted to a new position.

Once a decision has been made regarding interest in hiring an applicant, an offer will be extended contingent upon satisfactory completion of one or more of following pre-employment checks:

Criminal History Search

Human Resources utilizes a third party to obtain federal and state criminal history reports. Criminal history searches shall be performed on the final applicant for all County positions and applicable volunteers.

When determining whether an applicant with disclosed criminal convictions is eligible for employment or promotion, the Department Head and Human Resources will conduct an individualized assessment. The Department Head and Human Resources will consider the specific responsibilities of the position for which the applicant is being considered, the nature, number and gravity of crimes for which the applicant was convicted and the amount of time that has passed since the conviction. If Newaygo County determines that an applicant may be excluded because of past criminal conduct, it will provide an opportunity to the applicant to demonstrate that the exclusion does not properly apply to the applicant. Although a disqualification is possible, a previous conviction does not automatically disqualify an applicant from consideration for employment with Newaygo County.

If the applicant is rejected because of something in the criminal history search, see the Adverse Employment Decisions Section below for directions.

Driving History Search

Human Resources utilizes a third party to obtain a driving history search and review of the applicant's motor vehicle report. Driving history searches shall be performed on the final applicant for all County positions and applicable volunteers.

If the applicant is rejected because of something in their driving history search, see the Adverse Employment Decisions Section below for directions.

Credit Checks

Newaygo County utilizes a third party to obtain credit checks for those applying for all County positions that regularly manage County funds.

Conducting Background Checks

In conducting background checks, the County may obtain and use information contained in consumer reports that may include criminal background checks, driving record checks and, where applicable, credit reports. Although criminal and driving records are obtained for all County positions, it is up to the respective Elected Official or County Administrator to request a credit report.

Consumer reports will not be obtained without notice to the employee and obtaining authorization from the employee to obtain a consumer report, in compliance with the Fair Credit Reporting Act (FCRA). The notice and authorization to be signed by the employee will be a stand-alone format, which must include notification that the County complies with the FCRA and that the County will not discriminate against the applicant or otherwise misuse the information in violation of federal or state equal opportunity laws or regulations. consumer report that includes a criminal history, driving history, and where applicable, credit report, at any juncture of the application process will eliminate the applicant from further consideration for employment.

Human Resources is responsible for obtaining consumer checks through a third party company. Results will be provided to the hiring Department Head/Elected Official, however, access to this information is strictly limited to employees of the Human Resources Department and others on a need-to-know basis to ensure that the privacy of the candidate is respected.

Adverse Employment Decisions

Before an applicant is rejected or adverse employment action is taken based on information in a consumer report - criminal background search, driving history search or credit report - Human Resources must give the applicant:

- a notice that includes a copy of the consumer report the County relied on to make the decision; and
- a copy of "A Summary of Your Rights Under the Fair Credit Reporting Act"

By giving the applicant the notice in advance, it provides them an opportunity to review the report and explain any negative information.

After adverse action is taken because of information in a consumer report, Human Resources must give the applicant a notice of that fact – orally, in writing, or electronically. The notice must include:

- that they were rejected because of information in the report; and
- the name, address, and phone number of the consumer reporting company that supplied the report; and
- that the company that supplied the report did not make the decision to take the unfavorable action and can't give specific reasons for it; and
- that they have the right to dispute the accuracy or completeness of the report and to get an additional free report from the company if the person asks for it within 60 days.

The testing facility will retain the split sample in accordance with State law so that an applicant may request a retest of the sample at their own expense if they disagree with the test result.
4. Applicants who refuse to submit to a drug test, who fail to show up for a drug test or choose to leave the testing facility before producing a urine sample will no longer be considered for employment.

6. All applicants have the right to speak with the testing facility. These discussions shall be considered confidential and only shared with those who need to know such information in order to make proper decisions regarding the test results or regarding the employment of the individual.
7. Applicants may request to have the split sample of a positive test retested at another DHHS approved laboratory within three (3) days after notification of such positive test result. This retest is at the expense of the individual unless the original test result is called into question by the retest.

10. Newaygo County will consider applicants who formerly tested positive for drugs if the applicant is a rehabilitated drug user or engaged in a supervised drug rehabilitation program and is no longer using drugs.

Reference Checks

The purpose of reference checks is to verify the accuracy of the information provided by the applicant.

As part of this process, each prospective employee must submit at least three (3) professional references to be considered for employment. Reference checks for all candidates will only include predetermined questions based on the job description and relevant competencies.

To remain courteous and respectful to all applicants, at no time should reference checks be conducted without first notifying the candidate for references not previously provided.

Newaygo County guarantees that all information attained from the reference check process will only be used as part of the employment process and kept strictly confidential.

Physical/Medical Examinations

After Newaygo County has made a conditional job offer to an applicant, Newaygo County may ask the applicant to take a medical examination to seek information about physical or mental impairments or health. If Human Resources determines that an examination is appropriate to a particular position, all applicants for that job to whom a conditional offer of employment has been made should be examined.

Medical examinations will be paid for by the respective County department and will be performed by a physician or licensed medical facility designated or approved by the County. Medical examinations paid for by Newaygo County are the property of the County and examination records will be treated confidential and kept in separate medical files. However, records of specific examinations, if required by law or regulation, will be made available to the employee, persons designated and authorized by the employee, relevant insurance companies or the employee's doctor.

5. The review of information contained on a social networking site should be limited to information available to the public as a whole.
6. Applicants must not be asked or required to provide passwords or to sign in to their accounts on social networking sites during the interview process.
7. Covert methods of "friending" an applicant or viewing a page not otherwise available to the public should not be used.

**Subject: Health Insurance Portability and Accountability Act
Compliance Plan**

INTRODUCTION AND PURPOSE

The County of Newaygo (County) is committed to protecting the privacy and security of personal health information (PHI) in compliance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and the Health Insurance Technology for Economic and Clinical Health Act of 2009 (HITECH Act). As such the County has established a Compliance Plan (the Plan) and Standards of Conduct for applicable employees to follow and abide by.

The Compliance Plan is prepared as a good-faith effort to summarize the County's rules, policies and procedures. To the extent that the Plan conflicts with, or misstates any applicable law, the law takes precedence.

The purpose of the Plan is to provide the framework for the County to comply with applicable laws and regulations pertaining to personal health information (PHI) and electronic personal health information (EPHI). The overall key intentions of the Compliance Plan are to:

- Minimize organizational risk and maintain compliance with applicable laws pertaining to PHI.
- Maintain adequate internal controls (paying special attention to identified areas of risk).
- Reduce the possibility of misconduct and violations through early detection.
- Reduce exposure to civil and criminal sanctions.
- Encourage the highest level of ethical and legal behavior from all employees having access to PHI and/or EPHI.
- Ensure that administrative, physical, and technical safeguards are in place and regularly reviewed.
- Educate employees and contractual providers who may have access to PHI and/or EPHI of their responsibilities and obligations to comply with applicable laws.
- Promote a clear commitment to compliance by taking actions to uphold such laws, regulations, and standards.

STANDARDS OF CONDUCT

The County minimally establishes the following Standards of Conduct:

- Exercise honesty and integrity in the workplace;
- Prevent fraud and abuse of PHI and EPHI;
- Refrain from knowingly participating in illegal activities;
- Report any actual or suspected violation of the Compliance Plan, Standards of Conduct, County policies or procedures, or other conduct that is known or suspected to be illegal;
- Provide minimal, accurate information to federal, state, and local authorities and regulatory agencies when applicable;
- Promote confidentiality and safeguard all confidential information according to County policies and applicable laws;
- Practice ethical behavior when discussing PHI with co-workers and other applicable entities; and
- Seek to continually maintain and improve work-related knowledge as it pertains to protecting the privacy and security of PHI and/or EPHI.
- The Standards of Conduct provide guidance for employees and contractual providers in performing daily activities involving PHI within appropriate ethical and legal standards and establish a workplace culture that promotes prevention, detection, and resolution of instances of conduct that do not conform with applicable laws and regulations. While the above standards are expected to be a framework for compliance, the issues addressed are not exhaustive. Therefore, employees and contractual providers are responsible for conducting themselves ethically in all aspects of business avoiding even the appearance of impropriety.

Contractual providers will be required to comply with the County's Compliance Plan or provide evidence of a sufficient Compliance Plan of their own. If complying with the County's Compliance Plan, contractual providers will receive a copy of the Plan and applicable Standards of Conduct at the time of the initial contract and will be required to sign the Compliance Program Acknowledgement form for inclusion in the contractor file. Contractual providers having developed their own compliance program will be required to provide evidence of such for inclusion in the contractor file along with a signed copy of the Compliance Program

TRAINING AND EDUCATION

All employees who have access to PHI receive mandatory training that explains about HIPAA, about the HIPAA identifiers that create PHI, how to recognize situations in which confidential and PHI can be mishandled, and about practical ways to protect the privacy and security of sensitive information including PHI. Employees are notified that they will be held responsible if they improperly handle confidential or PHI. Additional training may be required to address specific areas of risk or as new regulations are issued. Informational updates will be provided through emails. Records will be maintained on all formal training and educational activities. Training is considered a condition of employment and failure to comply will result in disciplinary action up to and including termination.

Training and educational opportunities related to Compliance will be afforded periodically and may be made available to contractual providers, as well as others as appropriate.

- axes with PHI should be deposited in a secure/confidential place when they are delivered
- Confirm accuracy of email addresses and facsimile numbers before transmitting PHI and request verification of its receipt

DISCLOSURES

Only authorized, trained employees may access or disclose PHI and/or EPHI when the access is part of the employee’s job duties. Generally, an individual’s authorization is required prior to the use or disclosure of PHI and/or EPHI. When use or disclosure is permitted, via employee’s authorization or otherwise, HIPAA requires that only the amount of PHI and EPHI that is the minimal necessary to accomplish the intended purpose be used or disclosed.

Unauthorized Access

- It is never acceptable for an employee to look at PHI and/or EPHI “just out of curiosity” even if no harm is intended (i.e. retrieving an address to send a get well card.)
- It also makes no difference if the information relates to a “high profile” person or close friend or family member. ALL information is entitled to the same protection and must be kept private.
- Accessing PHI and/or EPHI of someone involved in a divorce, separation, break-up or custody dispute may be an indication of intent to use information for personal advantage, unless the access is required for the employee to their job. Such improper behavior will be considered by the County when determining disciplinary action against violators.

BREACHES

A breach occurs when information that, by law, must be protected is:

- Lost, stolen or improperly disposed of (i.e. paper or device upon which the information is recorded cannot be accounted for); or
- “hacked” into by people or mechanized programs that are not authorized to have access (i.e. the system in which the information is located is compromised); or
- PHI is communicated or sent to others who have no official need to receive it (i.e. gossip about information learned from a medical record)

Employee Responsibilities

It is part of an employee’s responsibility as a County employee to report privacy or security breaches involving PHI and/or EPHI to your supervisor AND Human Resources. It is made clear during HIPAA training that employees, volunteers, students or contractors of the County may not threaten or take any retaliatory action against an individual for exercising their rights under HIPAA or for filing a HIPAA report or complaint, including notifying of a privacy or security breach.

Individuals making a report are encouraged to disclose their identity, recognizing that anonymity may hamper complete and timely investigation. However, no anonymous report shall be refused or treated less seriously. No promises will be made to any individuals making a report or witnesses providing supporting information about the report by the Security Officer or anyone else in regard to their culpability or what steps may be taken by the County in response to the report. Confidentiality and anonymity of the individual making the report and the content of the report will be preserved to the extent permitted by law and by the circumstances. Information about reports, investigations, or follow-up actions shall not be disclosed to anyone other than those individuals charged with responsibility in investigation and remedial action as well as legal counsel.

No employee, provider, contractor, or other individual making such a report in good faith shall be retaliated against by the County. All employees or agents will be protected by the Michigan Whistleblower’s Protection Act (PA. 469 of 1980). Discipline for engaging in acts that violate applicable laws and regulations, making knowingly false reports, failure to report known violations, or discipline for any other performance-related reason unconnected to reporting potential violations is not retaliation.

Breach Notification Requirements

- The Department of Health and Human Services;
- The Michigan Attorney General;
- All individuals whose information was breached or disclosed; and
- The media

INVESTIGATION

All reports of suspected wrongdoing, however received, shall be investigated and documented. No one involved in the process of receiving and investigating reports shall communicate any information about a report or investigation, including the fact that a report has been received or an investigation is ongoing, to anyone within the County who is not involved in the investigation process or to anyone outside of the County without the prior approval of the Security Officer. All employees and agents are expected to cooperate fully with investigation efforts. Investigations will be conducted by the Security Officer and/or the Privacy Officer. If the allegation that needs to be investigated includes the Security Officer, then the investigation will be handled by the Privacy Officer. If the allegation that needs to be investigated includes the Privacy Officer, then the investigation will be handled by the Security Officer and the Board of Commissioners Chairperson or their designee.

Investigation Process

Within five business days of receiving a report, the Security Officer shall provide acknowledgment of receipt to the individual making the report (if known) and conduct an initial assessment to determine whether the report has merit and warrants further investigation.

If it is determined that the matter does not constitute a violation of any applicable laws or regulations and warrants no further action, the issue will be closed following the appropriate documentation and approval by the Privacy Officer.

If it is determined that the matter does not constitute a violation of any applicable laws or regulations, but does identify an area for improvement or raises concern for potential future violations, the matter will be reviewed by the Privacy Officer and Security Officer for appropriate process change.

If it is determined that the matter requires further investigation, the Privacy Officer will take the necessary steps to assure that documents or other evidence are not altered or destroyed, and if necessary, placing individuals under investigation on temporary suspension.

A full investigation will be completed within 90 days from the date of the initial report.

CORRECTIVE ACTION

Where an internal investigation substantiates a reported violation, corrective action will be initiated including, as appropriate, making prompt restitution of any overpayment amounts, notifying the appropriate governmental agency, instituting whatever disciplinary action is necessary, and implementing system changes to prevent a similar violation from recurring in the future.

DISCIPLINARY ACTION

Disciplinary action, up to and including, termination will be taken for all employees who have failed to comply with the Standards of Conduct, policies, and procedures, federal and state law, or otherwise engage in wrongdoing.

The Privacy Officer and Security Officer will review monitoring and auditing efforts for effectiveness, identification of additional areas of risk, and follow up and response for potential compliance issues on an ongoing basis.

Subject: Remote Access and Applications Service Provider Policy

PURPOSE

It is the responsibility of all Newaygo County (County) employees and business partners providing services to the County with remote access privileges to County information systems to ensure that their remote access connection uses the secure methods of connection made available or prescribed by the Information Technology (IT) Department. Any method of connectivity that circumvents security by an unsecured means or allows unauthorized persons access to County information systems is prohibited. Remote access implementations that are covered by this policy include but are not limited to dial-in, frame relay, ISDN, DSL, Wireless, VPN, VDI, SSH, cable, and Extranet. This policy applies to all County information systems regardless of where the application is hosted and by whom it is maintained.

PROCEDURE

Secure remote access is strictly for employees and business partners of Newaygo County. Anyone authorized for remote access should at no time allow any unauthorized individual to use their connection, nor share their password, or other information needed to gain access.

Those requiring remote access must receive written permission from their Department Head/Elected Official (see attached Newaygo County Remote Access Permission Form) and maintain a fully executed Telecommuting Agreement.

Remote access to any County or court system regardless of hosting location will use the methods prescribed by the IT Department.

Those with remote access privileges must ensure that if accessed in a public setting only public information is accessed. It is important for anyone accessing County information from an external location to have situational awareness. Additional measures should be taken to avoid unnecessary disclosure and compromise of information systems through means of social engineering such as shoulder surfing.

Reconfiguration of a computer for the purpose of split-tunneling or dual-homing while accessing County systems from outside County facilities or through VPN connections is not permitted at any time.

All County-owned hosts (laptops, phones, etc.) that are connected to the County's internal networks via remote access technologies must have a current virus/spyware/malware definition file and have the latest security updated installed. It is not permissible to use personally owned hosts to remotely access County systems without the explicit, written permission of the County Administrator and County IT Director.

Subject: Contagious Disease Policy

Newaygo County is committed to maintaining, to the extent reasonably possible, a safe work environment for all employees. The purpose of this policy is to help prevent the spread of contagious diseases through measures that focus on safety, prevention, and education. As needed, the County will make available to its employees information about the transmission of diseases and precautions that infected persons should take to prevent the spread of disease. The County will rely on information and guidance issued by the Michigan Department of Health and Human Services (MDHHS), District Health Department #10 (DHD#10), Michigan Occupational Safety and Health Administration, the Center for Disease Control and Prevention (CDC), and state and federal mandates.

DEFINITIONS

Contagious disease: an infectious disease that is spread from person to person through casual contact or respiratory droplets, which may lead to an epidemic or pandemic and threaten the health or safety of fellow

County employees. These diseases include but are not limited to tuberculosis (TB), measles or German measles (rubella), certain strains of hepatitis and meningitis, as well as SARS and certain strains of influenza. Other potentially less serious infectious diseases, such as chickenpox, seasonal flu, and pneumonia will be addressed on a case-by-case basis. For more information on contagious diseases, please visit the CDC website: [Infectious Disease](#)

Epidemic: the occurrence in a community or region of cases of an illness clearly in excess of normal expectancy.

Pandemic: a disease epidemic that has spread across multiple continents or worldwide.

PROCEDURES

Employees who know or have reason to believe they are infected with a contagious disease that, according to public health officials, creates a risk of death or significant injury or impairment, must stay home and notify their immediate supervisor and Human Resources. They also should contact their healthcare provider and advise the local health department. They must follow the directions of the local health department to prevent the spread of infection and to protect their own health. The Human Resources Director will serve as the point of contact between the local health department and the County.

Employees who know or have reason to believe they are infected with a contagious disease that poses a direct threat to the health or safety of others must notify their immediate supervisor and Human Resources that they have symptoms associated with the disease. Employees must stay home or leave the workplace if symptoms occur while already present at work. The respective

Elected Official or County Administrator has the authority to send employees home if they exhibit symptoms of a contagious disease while at the workplace. Employees will be compensated for the time off in accordance with County Policies and/or union contracts if sent home.

Before returning to work, employees who have been diagnosed as having a contagious disease must be free of all symptoms of the disease for at least seven (7) days since the date of the first report or diagnosis or as otherwise recommended by a healthcare provider, the DHD#10, or other public health officials. Employees must provide written documentation from a healthcare provider that the employee may return to work safely.

Employees must comply with all policies and procedures related to personal time off and supervisor notification regarding their ability to return to work. The County will provide reasonable accommodations as requested and required by law.

Failure to follow directives from the respective Elected Official, County Administrator, or supervisor may result in disciplinary action, up to and including, termination.

VISITORS, GUESTS, CONTRACTORS, AND OTHER THIRD PARTIES

The County reserves the right to limit access to its facilities to any third parties (visitors, guests, contractors, etc.), in the event of an epidemic, pandemic, or an outbreak of a contagious disease that alters normal business operations. The County may institute additional safety measures based on the recommendations of public health officials that would be applicable to third parties visiting or working on campus.

CONFIDENTIALITY

No person, group, agency, insurer, employer, or institution should be provided any medical information without the prior specific written consent of the County employee unless required or allowable under state and/or federal law. Furthermore, all medical information relating to contagious diseases of employees will be kept confidential, according to applicable state and federal law. Medical information relating to contagious diseases of persons within the County community will only be disclosed to Elected Officials/Department Heads on a need-to-know basis.

NON-DISCRIMINATION/HARASSMENT

Discrimination or harassment of employees having or regarded as having a contagious disease is prohibited.

Employees in violation of this policy are subject to disciplinary action, up to and including, termination.

COVID-19

Newaygo County will continue to follow direction and guidance from state and federal officials as it relates to COVID-19, which includes but not limited to requiring unvaccinated employees self-isolate should they test positive or come in close contact with an individual with COVID-19. For further information, visit the CDC website: [When to Quarantine](#).

Employees are lawfully prohibited from reporting to work under certain circumstances related to COVID-19, i.e. experiencing COVID-19 symptoms or has tested positive for COVID-19. Additionally, employees are protected from discrimination and retaliation for engaging in certain activities related to COVID-19. For more information, please refer to Michigan Public Act 238 of 2020; [COVID-19 Employment Rights](#) and [Michigan Public Act 339 of 2020](#).

Compensation for time off due to COVID-19 illness or close contact will be in accordance with County Policies and/or union contracts.

Violation of state or federal mandates may subject the County to civil action and thus may result in disciplinary action, up to and including, termination of said employee.

EVERYDAY GUIDELINES TO STOP THE SPREAD OF CONTAGIOUS DISEASE

Staying Home When Ill

Many times, with the best of intentions, employees report to work even though they feel ill. However, it is critical that employees do not report to work while they are experiencing symptoms such as fever, cough, shortness of breath, sore throat, or vomiting/diarrhea. Compensation for time off due to illness will be in accordance with County Policies and/or union contracts.

If an employee reports to work while experiencing any of the following symptoms, the respective Elected Official or County Administrator may require the employee to go home:

- Fever of 100.4 or greater
- Vomiting
- Uncontrollable cough
- Other visible symptoms that indicate the employee may be contagious to others

Compensation for time off due to illness will be in accordance with County Policies and/or union contracts.

Employee Self-Monitoring

Employees are encouraged to self-monitor throughout the day if they begin to feel ill. This is especially important during cold and flu seasons. Report a temperature of 100.4 degrees or greater to your supervisor and seek medical guidance from your doctor.

Social Distancing

Social distancing is a simple and effective mechanism to help prevent the transmission of contagious diseases. Implementing the following efforts into your workday will help to protect you and your co-workers:

- Reasonably avoid coming within 6 (six) feet of other individuals
- Watch for visual cues that reinforce distancing in common areas
- Avoid handshaking or embracing co-workers or visitors
- Avoid anyone who appears to be sick or who is coughing or sneezing
- Avoid touching surfaces by others to the extent feasible
- Respect barriers and distances between workstations
- Avoid shared use of offices, desks, telephones, and tools/equipment to the extent possible and disinfect between uses
- Limit the number of employees at one time in small office areas such as break rooms, copy machine rooms, file rooms, etc.
- Be aware of distances in elevators, smoking areas, and hallways
- Bring lunch and eat away from others

Enhanced Hygiene

Employees are encouraged to wash their hands frequently, to cover their coughs and sneezes with a tissue, and to avoid touching their faces. Employees are provided with access to places to frequently wash hands and access to hand sanitizer. Employees are also provided with access to tissues and places to properly dispose of them. Signs regarding proper handwashing methods are posted in all restrooms. Handshaking is also discouraged to ensure good hand hygiene.

Enhanced Cleaning and Disinfecting

Increased cleaning and disinfecting of surfaces, equipment, and other elements of the work environment will be performed regularly using products containing EPA-approved disinfectants. Custodial staff have been hired to enhance the cleaning procedures within each office and in commonly used areas. Departments are still encouraged to wipe down commonly used surfaces throughout the day with disposable disinfectant wipes that are provided to each Department.

Personal Protective Equipment

All personal protective equipment related contagious diseases will be supplied through the Emergency Services Department. PPE includes, but is not limited to, face masks, thermometers, hand sanitizer, cleaning supplies, etc.

Vaccinations

Employees are encouraged to receive recommended vaccinations. Adult vaccinations help prevent getting and spreading serious diseases that could result in poor health, missed work, medical bills, and not being able to care for family. AN ACT to prohibit strikes by certain public employees; to provide review from disciplinary action with respect thereto; to provide for the mediation of grievances and the holding of elections; to declare and protect the rights and privileges of public employees; to require certain provisions in collective bargaining agreements; to prescribe means of enforcement and penalties for the violation of the provisions of this act; and to make appropriations.

History: 1947, Act 336, Eff. Oct. 11, 1947;—Am. 1965, Act 379, Imd. Eff. July 23, 1965;—Am. 2011, Act 9, Imd. Eff. Mar. 16, 2011;—Am. 2012, Act 53, Imd. Eff. Mar. 16, 2012.

This provision shall not be superseded by any interlocal agreement, memorandum of understanding, memorandum of commitment, or other document similar to these.
 - (ii) If, by April 9, 2000, a public school employer that is the chief executive officer serving in a school district of the first class under part 5A of the revised school code, 1976 PA 451, MCL 380.371 to 380.376, issues an order determining that it is in the best interests of the school district, then a public school administrator employed by that school district is not a public employee for purposes of this act. The exception under this subparagraph applies to public school administrators employed by that school district after the date of the order described in this subparagraph whether or not the chief executive officer remains in place in the school district. This exception does not prohibit the chief executive officer or board of a school district of the first class or its designee from having informal meetings with public school administrators to discuss wages and working conditions.
 - (iii) An individual serving as a graduate student research assistant or in an equivalent position, a student participating in intercollegiate athletics on behalf of a public university in this state, or any individual whose position does not have sufficient indicia of an employer-employee relationship using the 20-factor test announced by the internal revenue service of the United States department of treasury in revenue ruling 87-41, 1987-1 C.B. 296 is not a public employee entitled to representation or collective bargaining rights under this act.

(j) "Strike" means the concerted failure to report for duty, the willful absence from one's position, the stoppage of work, or the abstinence in whole or in part from the full, faithful, and proper performance of the duties of employment for the purpose of inducing, influencing, or coercing a change in employment conditions, compensation, or the rights, privileges, or obligations of employment. For employees of a public school employer, strike also includes an action described in this subdivision that is taken for the purpose of protesting or responding to an act alleged or determined to be an unfair labor practice committed by the public school employer.

(2) This act does not limit, impair, or affect the right of a public employee to the expression or communication of a view, grievance, complaint, or opinion on any matter related to the conditions or compensation of public employment or their betterment as long as the expression or communication does not interfere with the full, faithful, and proper performance of the duties of employment.

423.202 Strike by public employee; lockout by public school employer.

Sec. 2. A public employee shall not strike and a public school employer shall not institute a lockout. A public school employer does not violate this section if there is a total or partial cessation of the public school employer's operations in response to a strike held in violation of this section.

History: 1947, Act 336, Eff. Oct. 11, 1947;—CL 1948, 423.202;—Am. 1994, Act 112, Eff. Mar. 30, 1995.

Popular name: Public Employment Relations

423.202 a Allegation of strike by public school employees or lockout by public school employer; notice to commission; hearing; notification of name and home address of each public school employee participating in strike; serving or mailing notice; presumption; challenge; filing of affidavit and supporting proof by employee; hearing to determine if employee engaged in strike; determination; order; deduction from annual salary; determination that public school employer instituted lockout; fines; deduction and disposition of fines; collection proceedings; fines additional to other penalties; injunction; duties of court; reimbursement prohibited; "public school employee" defined.

Sec. 2a. (1) Upon belief that conditions constituting a strike by 1 or more public employees in violation of section 2 exist, the public school employer or the superintendent of public instruction, after consultation with the public school employer, shall notify the commission of the full or partial days that the alleged strike has

occurred and the name and address of the bargaining representative. The notice shall be accompanied by a sworn affidavit, supported by any available documentary proof, containing a clear and concise statement of the facts upon which the public school employer or the superintendent of public instruction relies to establish a violation of section 2. The public school employer or the superintendent of public instruction shall concurrently serve the bargaining representative with a copy of the notice. If the public school employer or the superintendent of public instruction has not notified the commission of an allegation of a strike under this subsection, a parent or legal guardian of a child who is enrolled in the school district may notify the commission of the full or partial days that 1 or more public school employees were engaged in an alleged strike.

(2) If a bargaining representative alleges that there is a lockout by a public school employer in violation of section 2, the bargaining representative shall notify the commission of the full or partial days of the alleged lockout.

(3) Within 15 days after receipt of a notice under subsection (1) or (2), the commission shall conduct a hearing to determine if conditions constituting a strike by 1 or more public school employees in violation of section 2 or a lockout exist. The person giving notice under subsection (1) or (2) bears the burden of proof at the hearing on the allegations. The commission shall issue its decision within 3 business days after the close of the hearing. A hearing conducted under this subsection is separate and distinct from, and is not subject to the procedures and timelines of, a proceeding conducted under section 6.

(4) If the commission determines that conditions constituting a strike in violation of section 2 exist, the superintendent of public instruction or the public school employer shall, within 5 business days after notification of the decision, notify the commission of the name and home address of each public school employee alleged to have participated in the strike. The superintendent of public instruction or the public school employer shall, within the same period, serve with or mail to each named public school employee a copy of the notice.

(5) A public school employee named in the notice under subsection (4) and alleged to have been either absent from work without permission of the public school employer or to have abstained wholly or in part from the full performance of his or her normal duties without permission on a date when a strike occurred is presumed to have engaged in the strike on that date.

(6) A public school employee presumed to have engaged in a strike in violation of section 2 may challenge that presumption within 10 days after the date the notice was served or mailed to the employee under subsection (4), by filing with the commission and causing to be served on the superintendent of public instruction or the public school employer, a sworn affidavit, supported by available documentary proof, containing a clear and concise statement of the facts upon which he or she relies to show that the determination was incorrect.

(7) The public school employer shall deduct from the annual salary of a public school employee named in a notice under subsection (4) who fails to file an affidavit and supporting proof under subsection (6) an amount equal to 1 day of pay for that public school employee for each full or partial day that he or she engaged in the strike. The public school employee's annual salary is the annual salary that is established in the applicable contract in effect at the time of the strike or, if no applicable contract is in effect at the time of the strike, in the applicable contract in effect at the time of the deduction. However, if no applicable contract is in effect at either of those times, the public school employee's annual salary shall be considered to be the annual salary that applied or would have applied to the public school employee in the most recent applicable contract in effect before the strike. A public school employer shall comply promptly with this subsection. A deduction under this subsection is not a demotion for purposes of 1937 (Ex Sess) PA 4, MCL 38.71 to 38.191.

(8) If a public school employee named in a notice under subsection (4) files a timely affidavit and supporting proof, a commissioner, the commission, or an agent of the commission shall, within 15 days after receipt of the affidavit and supporting proof, commence a hearing to determine whether the public school employee engaged in a strike in violation of section 2. The public school employee bears the burden of proof at the hearing. A hearing conducted under this subsection is separate and distinct from, and is not subject to the procedures and timelines of, a proceeding under section 6.

(9) After a hearing under subsection (8), if a commissioner, the commission, or an agent of the commission determines by the preponderance of the evidence that the public school employee engaged in a strike in violation of section 2, the individual or commission shall state its findings of fact and shall issue and cause to be served on the public school employer an order requiring the employee to cease and desist from the unlawful conduct and the public school employer to deduct from the annual salary, as described in subsection (7), of the public school employee an amount equal to 1 day of pay for that public school employee for each full or partial day that he or she engaged in the strike. If the evidence is presented before a commissioner or agent of the commission, the commissioner or agent shall issue and cause to be served on the parties to the

proceeding a proposed decision, together with a recommended order, which shall be filed with the commission. If a party does not file an exception within 20 days after service of the proposed decision, the recommended order becomes the order of the commission and is effective as stated in the order.

(10) If, after a hearing under subsection (3), a majority of the commission finds that a public school employer instituted a lockout in violation of section 2, the commission shall fine the public school employer \$5,000.00 for each full or partial day of the lockout and shall fine each member of the public school employer's governing board \$250.00 for each full or partial day of the lockout. The fine shall be paid to the commission and transmitted as provided in subsection (11).

(11) If a public school employer does not deduct money from a public school employee's pay pursuant to an order under this section or if the commission does not receive payment of a fine it imposed under this section within 30 days, the superintendent of public instruction shall institute collection proceedings and the money received shall be transmitted to the state treasurer for deposit in the state school aid fund established under section 11 of article IX of the state constitution of 1963.

(12) Deductions imposed under this section are in addition to any loss of pay attributable to the full or partial day that the public school employee was absent from work as a result of the strike under section 2 and any other penalty prescribed by this act and by other law.

(13) Fines imposed under this section are in addition to all other penalties prescribed by this act and by law.

(14) A public school employer, the superintendent of public instruction, or the attorney general may bring an action to enjoin a strike by public school employees in violation of section 2, and a bargaining representative may bring an action to enjoin a lockout by a public school employer in violation of section 2, in the circuit court for the county in which the affected public school is located. If the commission has made a determination after a hearing under subsection (3) that a strike or lockout exists, that finding shall not be overturned except by clear and convincing evidence. If the court having jurisdiction of an action brought under this subsection finds that conditions constituting a strike or lockout in violation of section 2 exist and unless clear and convincing evidence has shown that the sanction would not be equitable or the sanction would duplicate a sanction imposed by the commission for the same activity under subsection (9) or (10), the court shall do all of the following:

(a) For a strike in violation of section 2, order each public school employee to pay a fine in an amount equal to 1 day of pay for that public school employee for each full or partial day the public school employee engaged in the strike. For a lockout in violation of section 2, order the public school employer to pay a fine of \$5,000.00 for each full or partial day of the lockout and order each member of the public school employer's governing board to pay a fine of \$250.00 for each full or partial day of the lockout. A fine imposed under this subsection shall be transmitted to the state treasurer for deposit into the state school aid fund established under section 11 of article IX of the state constitution of 1963.

(b) Order the public school employees or public school employer acting in violation of section 2 to end the strike or lockout.

(c) Award costs and attorney fees to a plaintiff who prevails in an action under this subsection.

(d) Grant additional equitable relief that the court finds appropriate.

(15) An order issued under subsection (14) is enforceable through the court's contempt power.

(16) A public school employer shall not provide to a public school employee or to a board member any compensation or additional work assignment that is intended to reimburse the public school employee or board member for a monetary penalty imposed under this section or that is intended to allow the public school employee or board member to recover a monetary penalty imposed under this section.

(17) As used in this section, "public school employee" means a person employed by a public school employer.

Constitutionality: That portion of MCL 423.202a(4) imposing automatic mandatory fines on bargaining representatives for strikes by their membership was struck down by the Wayne County Circuit Court in Michigan State AFL-CIO, et al v Michigan Employment Relations Commission (Docket Nos. 94-420652-CL & 94-423581-CL) on March 2, 1995. The Court found that this proviso violated due process under U.S. Const. Am XIV or Const. 1963, art 1, § 17. The Court also struck down that portion of MCL 423.202a(10) which required circuit courts, upon application by a party, to issue injunctions against strikes or lockouts without considering traditional equity factors. The Court concluded that this provision violated the separation of powers under Const 1963, art 3, § 2. No appeal was taken from these findings. Michigan State AFL-CIO v. MERC, 212 Mich. (a) Interfere with, restrain, or coerce public employees in the exercise of their rights guaranteed in section 9.

(b) Initiate, create, dominate, contribute to, or interfere with the formation or administration of any labor organization. A public school employer's use of public school resources to assist a labor organization in collecting dues or service fees from wages of public school employees is a prohibited contribution to the administration of a labor organization. However, a public school employer's collection of dues or service fees pursuant to a collective bargaining agreement that is in effect on March 16, 2012 is not prohibited until the agreement expires or is terminated, extended, or renewed. Section 9(2) shall not be construed to interfere with the right of a public employer or this state and a labor organization or bargaining representative to enter into or lawfully administer such an agreement as it relates to the employees or persons described in subdivision (a).

(c) If any of the exclusions in subdivision (a)(i) or (ii) are found to be invalid by a court, the following apply:

(ii) Subdivision (b) does not apply to individuals described in the invalid exclusion.

(5) An agreement, contract, understanding, or practice between or involving a public employer, labor organization, or bargaining representative that violates subsection (3) is unlawful and unenforceable. The commission shall make the exclusive bargaining representative's calculations available to the public on the commission's website. The exclusive bargaining representative shall also file a declaration identifying the local bargaining units that are represented. Local bargaining units identified in the declaration filed by the exclusive bargaining representative are not required to file a separate calculation of all expenditures attributed to the costs of collective bargaining, contract administration, and grievance adjustment. For fiscal year 2011-2012, \$100,000.00 is appropriated to the commission for the costs of implementing this subsection. For fiscal year 2014-2015, \$100,000.00 is appropriated to the commission for the costs of implementing this subsection.

(10) Except for actions required to be brought under subsection (6), a person who suffers an injury as a result of a violation or threatened violation of subsection (3) may bring a civil action for damages, injunctive relief, or both. In addition, a court shall award court costs and reasonable attorney fees to a plaintiff who prevails in an action brought under this subsection. Remedies provided in this subsection are independent of and in addition to other penalties and remedies prescribed by this act.

Constitutionality: In *Lehnert v Ferris Faculty Association*, 500 US 507; 111 S Ct 1950; 114 L Ed 2d 572 (1991), the United States Supreme Court held that a collective-bargaining unit constitutionally may compel its employees to subsidize only certain union activities. “[I]n determining which activities a union constitutionally may charge to dissenting employees ... chargeable activities must (1) be ‘germane’ to collective-bargaining activity; (2) be justified by the government’s vital policy interest in labor peace and avoiding ‘free riders’; and (3) not significantly add to the burdening of free speech that is inherent in the allowance of an agency or union shop.”

Ruling on the respondent union's disputed activities, the Court held:

(1) The respondent may not charge the funds of objecting employees for a program designed to secure funds for Michigan public education or for that portion of a union publication that reports on those activities. The Court found none of the activities “to be oriented toward the ratification or implementation of petitioner’s collective-bargaining agreement.”

(2) The respondent may bill dissenting employees for their share of general collective-bargaining costs of the state or national parent

union. The district court had found these costs to be germane to collective bargaining and similar support services; the court agreed with the finding.

(3) The respondent may not charge for the expenses of litigation that does not concern the dissenting employees' bargaining unit or, by extension, union literature reporting on such activities. The Court found extra-unit litigation to be proscribed by the First Amendment of the United States Constitution because it is "more akin to lobbying in both kind and effect" and not germane to a union's activities as an exclusive bargaining agent.

(4) The respondent may not bill for certain public relations activities. The Court states: "[T]he ... activities ... entailed speech of a political nature in a public forum. More important, public speech in support of the teaching profession generally is not sufficiently related to the union's collective-bargaining functions to justify compelling dissenting employees to support it. Expression of this kind extends beyond the negotiation and grievance-resolution contexts and imposes a substantially greater burden upon First Amendment rights."

(5) The respondent may charge for those portions of a union publication that concern teaching and education generally, professional development, unemployment, job opportunities, union award programs, and miscellaneous matters. The Court noted that such informational support services are neither political nor public in nature and that expenditures for them benefit all, without additional infringements upon the First Amendment.

(6) The respondent may bill for fees to send delegates to state and national affiliated conventions. The Court found that participation by local members in the formal activities of the parent is an important benefit of affiliation and an essential part of a union's discharge of its duties as a bargaining agent.

(7) The respondent may charge expenses incidental to preparation for a strike which, had it occurred, would have been illegal under Michigan law. The Court, noting that the Michigan Legislature had imposed no restriction, stated there was no First Amendment limitation on such charges. The Court added that such expenses are "substantively indistinguishable from those appurtenant to collective-bargaining negotiations ... enture to the direct benefit of members of the dissenters' unit and impose no additional burden upon First Amendment rights."

(8) Collective bargaining agreements under this act may be rejected, modified, or terminated pursuant to the local financial stability and choice act, 2012 PA 436, MCL 141.1541 to 141.1575. 423.215a Right of employee of public fire department to volunteer or accept employment with another fire department.

Sec. 15a. An employee of a public fire department may volunteer for or seek and accept part-time or paid on-call employment with another fire department if that employment does not conflict with his or her performance of the original employment as determined by the original employer. This section does not create a right for a full-time employee of a public fire department to accept full-time employment with another fire department. A local unit of government shall not adopt or apply an ordinance, rule, or policy in conflict with the right granted an employee under this section. Collective bargaining between a public employer and a bargaining representative of its employees shall not include the subject of a prohibition on an employee volunteering for or obtaining paid on-call employment with another fire department.

History: Add. 2014, Act 323, Imd. Eff. Oct. 15, 2014.

423.215 b Expiration date of collective bargaining agreement; wages and benefits; levels and amounts; retroactive levels and amounts prohibited; provisions applicable to labor disputes submitted to compulsory arbitration; definitions.

Sec. 15b. (1) Except as otherwise provided in this section, after the expiration date of a collective bargaining agreement and until a successor collective bargaining agreement is in place, a public employer shall pay and provide wages and benefits at levels and amounts that are no greater than those in effect on the expiration date of the collective bargaining agreement. The prohibition in this subsection includes increases that would result from wage step increases. Employees who receive health, dental, vision, prescription, or other insurance benefits under a collective bargaining agreement shall bear any increased costs of maintaining those benefits that occur after the expiration date. The public employer may make payroll deductions necessary to pay the increased costs of maintaining those benefits.

(2) Except as provided in subsection (3) or (4), the parties to a collective bargaining agreement shall not agree to, and an arbitration panel shall not order, any retroactive wage or benefit levels or amounts that are greater than those in effect on the expiration date of the collective bargaining agreement.

(3) For a collective bargaining agreement that expired before June 8, 2011, the requirements of this section apply to limit wages and benefits to the levels and amounts in effect on June 8, 2011.

(4) All of the following apply to a public employee eligible to submit labor disputes to compulsory arbitration under 1969 PA 312, MCL 423.231 to 423.247:

(a) Subsection (1) does not prohibit wage or benefit increases, including step increases, expressly authorized under the expired collective bargaining agreement.

(b) The increase in employee costs for maintaining health, dental, vision, prescription, or other insurance benefits after the collective bargaining contract expiration date that the employee is required to bear under subsection (1) shall not cause the total employee costs for those benefits to exceed the amount of the employee's share under the publicly funded health insurance contribution act, 2011 PA 152, MCL 15.561 to

15.269. If the public employer is exempt from the limitations of that act, the total employee costs for those benefits shall not exceed the higher of the minimum required employee share under section 3 or 4 of the publicly funded health insurance contribution act, 2011 PA 152, MCL 15.563 and 15.264, calculated as if the public employer were subject to that act.

(c) Subsection (2) does not prohibit retroactive application of a wage or benefit increase if the increase is awarded in the decision of the arbitration panel under 1969 PA 312, MCL 423.231 to 423.247, or included in a negotiated bargaining agreement.

(5) As used in this section:

(a) "Expiration date" means the expiration date set forth in a collective bargaining agreement without

regard to any agreement of the parties to extend or honor the collective bargaining agreement during pending negotiations for a successor collective bargaining agreement.

(b) "Increased costs" in regard to insurance benefits means the difference in premiums or illustrated rates between the prior year and the current coverage year. The difference shall be calculated based on changes in costs by category of coverage and not on changes in individual employee marital or dependent status.

423.216 Violations of MCL 423.210 as unfair labor practices; remedies; procedures.

Sec. 16. Violations of the provisions of section 10 shall be deemed to be unfair labor practices remediable by the commission in the following manner:

(a) Whenever it is charged that any person has engaged in or is engaging in any such unfair labor practice, the commission, or any agent designated by the commission for such purposes, may issue and cause to be served upon the person a complaint stating the charges in that respect, and containing a notice of hearing before the commission or a commissioner thereof, or before a designated agent, at a place therein fixed, not less than 5 days after the serving of the complaint. No complaint shall issue based upon any unfair labor practice occurring more than 6 months prior to the filing of the charge with the commission and the service of a copy thereof upon the person against whom the charge is made, unless the person aggrieved thereby was prevented from filing the charge by reason of service in the armed forces, in which event the 6-month period shall be computed from the day of his discharge. Any complaint may be amended by the commissioner or agent conducting the hearing or the commission, at any time prior to the issuance of an order based thereon. The person upon whom the complaint is served may file an answer to the original or amended complaint and appear in person or otherwise and give testimony at the place and time fixed in the complaint. In the discretion of the commissioner or agent conducting the hearing or the commission, any other person may be allowed to intervene in the proceeding and to present testimony. Any proceeding shall be conducted pursuant to chapter 4 of Act No. 306 of the Public Acts of 1969, as amended, being sections 24.271 to 24.287 of the Michigan Compiled Laws.

(b) The testimony taken by the commissioner, agent, or the commission shall be reduced to writing and filed with the commission. Thereafter the commission upon notice may take further testimony or hear argument. If upon the preponderance of the testimony taken the commission is of the opinion that any person named in the complaint has engaged in or is engaging in the unfair labor practice, then it shall state its findings of fact and shall issue and cause to be served on the person an order requiring him to cease and desist from the unfair labor practice, and to take such affirmative action including reinstatement of employees with or without back pay, as will effectuate the policies of this act. The order may further require the person to make reports from time to time showing the extent to which he has complied with the order. If upon the preponderance of the testimony taken the commission is not of the opinion that the person named in the complaint has engaged in or is engaging in the unfair labor practice, then the commission shall state its findings of fact and shall issue an order dismissing the complaint. No order of the commission shall require the reinstatement of any individual as an employee who has been suspended or discharged, or the payment to him of any back pay, if the individual was suspended or discharged for cause. If the evidence is presented before a commissioner of the commission, or before examiners thereof, the commissioner, or examiners shall issue and cause to be served on the parties to the proceeding a proposed report, together with a recommended order, which shall be filed with the commission, and if an exception is not filed within 20 days after service thereof upon the parties, or within such further period as the commission may authorize, the recommended order shall become the order of the commission and become effective as prescribed in the order.

(c) Until the record in a case has been filed in a court, the commission at any time, upon reasonable notice and in such manner as it deems proper, may modify or set aside, in whole or in part, any finding or order made or issued by it.

(d) The commission or any prevailing party may petition the court of appeals for the enforcement of the order and for appropriate temporary relief or restraining order, and shall file in the court the record in the proceedings. Upon the filing of the petition, the court shall cause notice thereof to be served upon the person, and thereupon shall have jurisdiction of the proceeding and shall summarily grant such temporary or permanent relief or restraining order as it deems just and proper, enforcing, modifying, enforcing as so modified, or setting aside in whole or in part the order of the commission. No objection that has not been urged before the commission, its commissioner or agent, shall be considered by the court, unless the failure or neglect to urge the objection is excused because of extraordinary circumstances. The findings of the

commission with respect to questions of fact if supported by competent, material, and substantial evidence on the record considered as a whole shall be conclusive. If either party applies to the court for leave to present additional evidence and shows to the satisfaction of the court that the additional evidence is material and that there were reasonable grounds for the failure to present it in the hearing before the commission, its commissioner or agent, the court may order the additional evidence to be taken before the commission, its commissioner or agent, and to be made a part of the record. The commission may modify its findings as to the facts, or make new findings, by reason of additional evidence so taken and filed, and it shall file the modifying or new findings, which findings with respect to questions of fact if supported by competent, material, and substantial evidence on the record considered as a whole shall be conclusive, and shall file its recommendations, if any, for the modification or setting aside of its original order. Upon the filing of the record with it the jurisdiction of the court shall be exclusive and its judgment and decree shall be final, except that the same shall be subject to review by the supreme court in accordance with the general court rules.

(e) Any party aggrieved by a final order of the commission granting or denying in whole or in part the relief sought may within 20 days of such order as a matter of right obtain a review of the order in the court of appeals by filing in the court a petition praying that the order of the commission be modified or set aside, with copy of the petition filed on the commission, and thereupon the aggrieved party shall file in the court the record in the proceeding, certified by the commission. Upon the timely filing of the petition, the court shall proceed in the same manner as in the case of an application by the commission under subsection (d), and shall summarily grant to the commission or to any prevailing party such temporary relief or restraining order as it deems just and proper, enforcing, modifying, enforcing as so modified, or setting aside in whole or in part the order of the commission. The findings of the commission with respect to questions of fact if supported by competent, material, and substantial evidence on the record considered as a whole shall be conclusive. If a timely petition for review is not filed under this subdivision by an aggrieved party, it shall be conclusively presumed that the commission's order is supported by competent, material, and substantial evidence on the record considered as a whole, and the commission or any prevailing party shall be entitled, upon application therefor, to a summary order enforcing the commission's order.

(f) The commencement of proceedings under subdivisions (d) or (e) shall not, unless specifically ordered by the court, operate as a stay of the commission's order.

(g) Petitions filed under subdivisions (d) and (e) shall be heard expeditiously by the court to which presented, and for good cause shown shall take precedence over all other civil matters except earlier matters of the same character.

(h) The commission or any charging party shall have power, upon issuance of a complaint as provided in subdivision (a) charging that any person has engaged in or is engaging in an unfair labor practice, to petition any circuit court within any circuit where the unfair labor practice in question is alleged to have occurred or where such person resides or exercises or may exercise its governmental authority, for appropriate temporary relief or restraining order, in accordance with the general court rules, and the court shall have jurisdiction to grant to the commission or any charging party such temporary relief or restraining order as it deems just and proper.

(i) For the purpose of all hearings and investigations, which in the opinion of the commission are necessary and proper for the exercise of the powers vested in it under this section, the provisions of section 11 of Act No. 176 of the Public Acts of 1939, as amended, being section 423.11 of the Michigan Compiled Laws, shall be applicable, except that subpoenas may issue as provided in section 11 without regard to whether mediation shall have been undertaken.

(j) The labor relations and mediation functions of this act shall be separately administered by the commission.

Constitutionality: The exercise of jurisdiction by the Michigan Employment Relations Commission under the provisions of the public employment relations act with regard to an unfair labor practice claim by a district court employee whose job is essentially administrative or clerical and not central to the administration of justice, bordering on a judicial role, does not violate the constitutional provision for separation of powers. 423217 Bargaining representative or education association; prohibited conduct; violation of section; "education association" defined.

Sec. 17. (1) A bargaining representative or an education association shall not veto a collective bargaining agreement reached between a public school employer and a bargaining unit consisting of employees of the

public school employer; shall not require the bargaining unit to obtain the ratification of an education association before or as a condition of entering into a collective bargaining agreement; and shall not in any other way prohibit or prevent the bargaining unit from entering into, ratifying, or executing a collective bargaining agreement. The power to decide whether or not to enter into, ratify, or execute a collective bargaining agreement with a public school employer rests solely with the members of the bargaining unit who are employees of the public school employer, and shall not be delegated to a bargaining representative or an education association or conditioned on approval by a bargaining representative or an education association.

(2) If an education association, a bargaining representative, or a bargaining unit violates this section, the board of a public school employer or any other person adversely affected by the violation of this section may bring an action to enjoin the violation of this section in the circuit court for the county in which the plaintiff resides or the circuit court for the county in which the affected public school employer is located. Failure to comply with an order of the court may be punished as contempt. In addition, the court shall award court costs and reasonable attorney fees to a plaintiff who prevails in an action brought under this section.

(3) As used in this section, "education association" means an organization, whether organized on a county, regional, area, or state basis, in which employees of 1 or more public school employers participate and that exists for the common purpose of protecting and advancing the wages, hours, and working conditions of the organization's members.

Subject: FOIA Procedures and Guidelines

STATEMENT OF PRINCIPLES

Our policy is to comply with the Freedom of Information Act (FOIA) in all respects and to respond to FOIA requests in a consistent, fair, and even-handed manner regardless of who makes such a request. Within that law, we will protect the public's interest in disclosure, while balancing the requirement to withhold or redact portions of certain records.

Our governing board has established the following written procedures and guidelines to implement the FOIA and has created separate and specific procedures and guidelines relevant to the general public regarding how to submit written requests to the public body and explaining how to understand a public body's written responses, deposit requirements, fee calculations, and avenues for challenge and appeal. Both the procedures and guidelines are available to the public without cost in person or upon oral or written request. All of our FOIA forms, including this set of Procedures and Guidelines are also available on our website at: www.countyofnewaygo.com.

GENERAL POLICIES

Our Board has named our County Administrator as the FOIA Coordinator and all requests, appeals or other communications regarding FOIA should be directed to this person.

If a request for a public record is received by mail it shall be deemed received upon receipt by the FOIA Coordinator. If the request is sent via fax or email, the request is deemed to have been received on the following business day. If a request is sent by email and delivered to our spam or junk-mail folder, the request is not deemed received until one day after the FOIA Coordinator first becomes aware of the request. The FOIA Coordinator shall create a FOIA log assigning the request a number and then logging the date of receipt, response, appeal and any response. If the request was delivered to the spam or junk-mail folder, the date of original receipt and the date the FOIA Coordinator became aware of the request shall be logged as well.

We are not obligated to create a new public record or make a compilation or summary of information which does not already exist. We are not obligated to provide answers to questions contained in requests for public records or regarding the content of the records themselves.

The FOIA Coordinator shall keep a copy of all written requests for public records and who they are received by on file for a period of at least one year.

REQUESTING A PUBLIC RECORD

Other than that it be in writing and describe the records requested with specificity, no specific form to submit a request for a public record is required. The FOIA Coordinator may make available a FOIA Request Form for use by the public.

Requests to inspect or obtain copies of public records prepared, owned, used, possessed or retained by us may be submitted to the FOIA Coordinator by letter, fax, or email.

If a person makes a verbal, non-written request for information believed to be available on our website, where practicable and to the best ability of the employee receiving the request, the person shall be informed of the pertinent website address.

A request must sufficiently describe a public record so as to enable our FOIA Coordinator to identify and find the requested public record. Upon receipt of a written FOIA request, all employees shall promptly forward the request to the FOIA Coordinator for processing.

A person may request that public records be provided on non-paper physical media, emailed or other otherwise provided to him or her in digital form in lieu of paper copies. We will comply with the request only if we possess the necessary technological capability to provide records in the requested non-paper physical media format.

A person may subscribe to future issues of public records that are created, issued or disseminated by us on a regular basis. A subscription is valid for up to 6 months and may be renewed by the subscriber. The time requirements as specified in the FOIA shall apply.

A person serving a sentence of imprisonment in a local, state or federal correctional facility is not entitled to submit a request for a public record. The FOIA Coordinator will deny all such requests.

PROCESSING A REQUEST

Unless otherwise agreed to in writing by the person making the request, the FOIA Coordinator will issue a response within 5 business days of receipt of a FOIA request. If a request is received by fax, email or other electronic transmission, the request is deemed to have been received on the following business day. The FOIA Coordinator may use the FOIA Response Form and may provide a free copy of these FOIA Procedures and Guidelines and our FOIA Summary with the response or make reference to the county website where it can be located.

We will respond to a request in one of the following ways:

- Grant the request.
- Issue a written notice denying the request.
- Grant the request in part and issue a written notice denying in part the request.
- Issue a notice indicating that due to the nature of the request we need an additional 10 business days to respond for a total of no more than 15 business days. Only one such extension is permitted.
- Issue a written notice indicating that the public record requested is available at no charge on our website.

When a request is granted:

If the request is granted, or granted in part, the FOIA Coordinator will require that payment be made in full for the allowable fees associated with responding to the request before the public record is made available.

The FOIA Coordinator shall provide a detailed itemization of the allowable costs incurred to process the request to the person making the request, including the cost of duplication, media holding the request, mailing, labor rates, labor time and labor benefits charged.

If the cost of processing a FOIA request is \$50.00 or less, the requester will be notified of the amount due and where the documents can be obtained.

If the cost of processing a FOIA request is expected to exceed \$50.00 based on a good-faith calculation, or if the requestor has not paid in full for a previously granted request, we will require a good-faith deposit pursuant to Section 4 of this policy before processing the request.

In making the request for a good-faith deposit the FOIA Coordinator shall provide the requestor with a detailed itemization of the allowable costs estimated to be incurred by us to process the request and also provide a best efforts estimate of a time frame it will take us to provide the records to the requestor. The best efforts estimate shall be nonbinding on us, but will be made in good faith and will strive to be reasonably accurate, given the nature of the request in the particular instance, so as to provide the requested records in a manner based on the public policy expressed by FOIA.

When a request is denied or denied in part:

- If the request is denied or denied in part, the FOIA Coordinator will issue a Notice of Denial which shall provide in the applicable circumstance:
- An explanation as to why a requested public record is exempt from disclosure; or
- A certificate that the requested record does not exist under the name or description provided by the requestor, or another name reasonably known by us; or
- An explanation or description of the public record or information within a public record that is separated or deleted from the public record; and
- An explanation of the person's right to submit an appeal of the denial to either the Chairman of the County Board of Commissioners or seek judicial review in Circuit Court; and
- An explanation of the right to receive attorneys' fees, costs, and disbursements as well actual or compensatory damages, and punitive damages of \$1,000.00, should they prevail in Circuit Court.
- The Notice of Denial shall be signed by the FOIA Coordinator.

If a request does not sufficiently describe a public record, the FOIA Coordinator may, in lieu of issuing a Notice of Denial indicating that the request is deficient, seek clarification or amendment of the request by the person making the request. Any clarification or amendment will be considered a new request subject to the timelines described in this Section.

Requests to inspect public records:

We will provide reasonable facilities and opportunities for persons to examine and inspect public records during normal business hours. The FOIA Coordinator is authorized to promulgate rules regulating the manner in which records may be viewed so as to protect our records from loss, alteration, mutilation or destruction and to prevent excessive interference with normal our operations.

Requests for certified copies:

The FOIA Coordinator shall, upon written request, furnish a certified copy of a public record at no additional cost to the person requesting the public record.

FEE DEPOSITS

If the fee estimate is expected to exceed \$50.00 based on a good-faith calculation, the requestor may be asked to provide a deposit not exceeding one-half of the total estimated fee.

If a request for public records is from a person who has not paid us in full for copies of public records made in fulfillment of a previously granted request, the FOIA Coordinator may require a deposit of 100% of the estimated processing fee before beginning to search for a public record for any subsequent written request by that person when all of the following conditions exist:

- The final fee for the prior written request is not more than 105% of the estimated fee;
- The public records made available contained the information sought in the prior written request and remain in our possession;
- The public records were made available to the individual, subject to payment, within the time frame estimated by us to provide the records;
- Ninety (90) days have passed since the FOIA Coordinator notified the individual in writing that the public records were available for pickup or mailing;
- The individual is unable to show proof of prior payment to us; and
- The FOIA Coordinator has calculated a detailed itemization that is the basis for the current written request's increased estimated fee deposit.

The FOIA Coordinator will not require an increased estimated fee deposit if any of the following apply:

- The person making the request is able to show proof of prior payment in full to us;
- The prior request is subsequently paid in full for the applicable request prior to another written request; or
- Three hundred sixty five (365) days have passed since the person made the request for which full payment was not remitted to us.

CALCULATION OF FEES

A fee may be charged for the labor cost of copying/duplication.

A fee will not be charged for the labor cost of search, examination, review and the deletion and separation of exempt from nonexempt information unless failure to charge a fee would result in

unreasonably high costs to us because of the nature of the request in the particular instance, and we specifically identify the nature of the unreasonably high costs.

Costs for the search, examination review, and deletion and separation of exempt from non-exempt information are “unreasonably high” when they are excessive and beyond the normal or usual amount for those services compared to the costs of typical FOIA requests.

The following factors shall be used to determine an unreasonably high cost:

- Volume of the public record requested
- Amount of time spent to search for, examine, review and separate exempt from non-exempt information in the record requested.
- Whether the public records are from more than one department or whether various offices are necessary to respond to the request.
- The available staffing to respond to the request.
- Any other similar factors identified by the FOIA Coordinator in responding to the particular request.
- Resources available and demands on the Public entity.

Labor costs will be calculated based on the following requirements:

- All labor costs will be estimated and charged in 15-minute increments, with all partial time increments rounded down. If the time involved is less than 15 minutes, there will be no charge.
- Labor costs will be charged at the hourly wage of the lowest-paid employee capable of doing the work in the specific fee category, regardless of who actually performs work.
- Labor costs will also include a charge to cover or partially cover the cost of fringe benefits. We will use a conservative 20% factor for this charge.
- Overtime wages will not be included in labor costs unless agreed to by the requestor; overtime costs will not be used to calculate the fringe benefit cost.
- In unusual circumstances we might contract for labor costs, which will pass along at our cost but in no event to exceed the hourly rate of \$48.90 (6 times the state minimum hourly wage).

The cost to provide records on non-paper physical media when so requested will be based on the following requirements:

- Computer disks, computer tapes or other digital or similar media will be at the actual and most reasonably economical cost for the non-paper media.
- This cost will only be assessed if we have the technological capability necessary to provide the public record in the requested non-paper physical media format.
- We will procure any non-paper media and will not accept media from the requestor in order to ensure integrity of our technology infrastructure.

The cost to provide paper copies of records will be based on the following requirements:

- Paper black & white copies of public records made on standard letter (8 ½ x 11) or legal (8 ½ x 14) sized paper will not exceed \$.10 per sheet of paper. Copies for non-standard sized sheets of paper or color copies will reflect the actual cost of reproduction.
- Where possible all attempts will be made to provide records using double-sided printing, if it provides cost-savings.

The cost to mail records to a requestor will be based on the following requirements:

- The actual cost to mail public records using a reasonably economical and justified means.
- We may charge for the least expensive form of postal delivery confirmation.
- No cost will be made for expedited shipping or insurance unless specified by the requestor.

If the FOIA Coordinator does not respond to a written request in a timely manner, we must:

- Reduce the labor costs by 5% for each day the request exceeds the time permitted under FOIA up to a 50% maximum reduction, if any of the following applies:
 - Our late response was willful and intentional,
 - The written request conveyed a request for information within the first 250 words of the body of a letter facsimile, email or email attachment, or
 - The written request included the words, characters, or abbreviations for “freedom of information,” “information,” “FOIA,” “copy” or a recognizable misspelling of such, or legal code reference to MCL 15. 231, et seq. or 1976 Public Act 442 on the front of an envelope or in the subject line of an email, letter or facsimile cover page.
- Fully note the charge reduction in the Detailed Itemization of Costs Form.

WAIVER OF FEES

The cost of the search for and copying of a public record may be waived or reduced if in the sole judgment of the FOIA Coordinator a waiver or reduced fee is in the public interest because it can be considered as primarily benefitting the general public. The Board of Commissioners may identify specific records or types of records it deems should be made available for no charge or at a reduced cost.

DISCOUNTED FEES

Indigence:

The FOIA Coordinator will discount the first \$20.00 of the processing fee for a request if the person requesting a public record submits an affidavit stating that they are:

- Indigent and receiving specific public assistance, or
- If not receiving public assistance, stating facts demonstrating an inability to pay because of indigence.

An individual is not eligible to receive the waiver if:

- The requestor has previously received discounted copies of public records from us twice during the calendar year; or
- The requestor requests information in connection with other persons who are offering or providing payment to make the request.

An affidavit is sworn statement.

Nonprofit organization advocating for developmentally disabled or mentally ill individuals:

The FOIA Coordinator will discount the first \$20.00 of the processing fee for a request from:

- A nonprofit organization formally designated by the state to carry out activities under subtitle C of the federal developmental disabilities assistance and bill of rights act of 2000, Public Law 106-402, and the protection and advocacy for individuals with mental illness act, Public Law 99-319, or their successors, if the request meets all of the following requirements:
 - Is made directly on behalf of the organization or its clients.
 - Is made for a reason wholly consistent with the mission and provisions of those laws under section 931 of the mental health code, 1974 PA 258, MCL 330.1931.

- Is accompanied by documentation of its designation by the state, if requested by the public body.

APPEAL OF A DENIAL OF A PUBLIC RECORD

When a requestor believes that all or a portion of a public record has not been disclosed or has been improperly exempted from disclosure, he or she may appeal to The Board of Commissioners by filing an appeal of the denial with the FOIA Coordinator or that board.

The appeal must be in writing, specifically state the word "appeal" and identify the reason or reasons the requestor is seeking a reversal of the denial. Our FOIA Appeal Form (To Appeal a Denial of Records) may be used.

The Board of Commissioners is not considered to have received a written appeal until the first regularly scheduled meeting following submission of the written appeal.

Within 10 business days of receiving the appeal the Board of Commissioners or their designee will respond in writing by:

- Reversing the disclosure denial;
- Upholding the disclosure denial; or
- Reverse the disclosure denial in part and uphold the disclosure denial in part; or
- Under unusual circumstances, issue a notice extending for not more than 10 business days the period during which our board shall respond to the written appeal. Our board shall not issue more than one (1) notice of extension for a particular written appeal.

If the Board of Commissioners fails to respond to a written appeal, or if the Board of Commissioners upholds all or a portion of the disclosure denial that is the subject of the written appeal, the requesting person may seek judicial review of the nondisclosure by commencing a civil action in the Michigan circuit court. In addition, whether or not a requestor submitted an appeal of a denial to the Board of Commissioners, he or she may file a civil action in circuit court within 180 days after our final determination to deny the request.

APPEAL OF AN EXCESSIVE FOIA PROCESSING FEE

“Fee” means the total fee or any component of the total fee calculated under section 4 of the FOIA, including any deposit.

If a requestor believes that the fee charged by us to process a FOIA request exceeds the amount permitted by state law or under this policy, he or she must first appeal to the Board of Commissioners by submitting a written appeal for a fee reduction.

The appeal must be in writing, specifically state the word "appeal" and identify how the required fee exceeds the amount permitted. Our FOIA Appeal Form (To Appeal an Excess Fee) may be used.

The Board of Commissioners is not considered to have received a written appeal until the first regularly scheduled meeting following submission of the written appeal.

Within 10 business days after receiving the appeal, our board shall respond in writing by:

- Waiving the fee;
- Reducing the fee and issuing a written determination indicating the specific basis that supports the remaining fee;
- Upholding the fee and issuing a written determination indicating the specific basis that supports the required fee; or
- Issuing a notice detailing the reason or reasons for extending for not more than ten (10) business days the period during which our board will respond to the written appeal. We will not issue more than one (1) notice of extension for a particular written appeal.

Where our board reduces or upholds the fee, the determination must include a certification from our board that the statements in the determination are accurate and that the reduced fee amount complies with its publicly available procedures and guidelines and Section 4 of the FOIA.

Within 45 days after receiving notice of our board’s determination of an appeal, the requesting person may commence a civil action in the Michigan circuit court for a fee reduction. If a civil action is commenced against us for an excess fee, we are not obligated to complete the processing of the written request for the public record at issue until the court resolves the fee dispute.

An action shall not be filed in circuit court unless one of the following applies:

- We do not provide for appeals of fees,
- Our board failed to respond to a written appeal as required, or
- Our board issued a determination to a written appeal.
